PRICE FIVE CENTS

PLAN FEB. 1 CENTENNIAL PAGEANT HERE

Further plans for the pageant to be presented February 1 in the courthouse, marking the 100th anniversary of the winter encampment here of the Porter Guards, a New York cavalry regiment, were outlined Tuesday evening at a meeting of the Adams County Civil War Centennial Commission.

A Gettysburg High School Choir will provide music for the pageant while the Sons of Union Veterans Fife and Drum Corps of Harrisburg will provide military music.

Attorney Daniel E. Teeter will be the narrator for the presentation, with Attorney John A. MacPhail and Robert Codori among the "readers." Arthur Warman will represent "Colonel Lemmon" who commanded the Porter Guards. Arthur Weaver will represent "Lt. Col. Irvine," the second in command.

OTHER EVENTS PLANNED

Rehearsals for the pageant will be held Friday night at 7 o'clock and again Monday at the same hour, Mrs. Roy Gifford, director for the pageant, reported.

Preliminary plans of an Arendtsville observance to be headed by Luther Lady were announced.

Van Lott gave preliminary plans for observance in October of the raid by Jeb Stuart's Cavalry into Franklin and Adams Counties in 1862.

Preliminary plans were discussed for special observances in 1963 during which the Adams County Civil War Centennial Commission plans to observe Adams County's participation in the Battle of Gettysburg. The county group plans to ask the Pennsylvania Commission, which will direct the overall observance of the hundredth anniversary of the battle, for permission to mark the part played by Company K made up of Adams County men, with a program arranged by the county group on July 2, 1963, and will also hold an observance on June 26, 1963, of the incidents occurring here when the Confederates came through the county on that date.

House Okays District Bill

HARRISBURG (AP)—The House today approved legislation that would trim three seats from Pennsylvania's congressional delegation.

The vote was 182-20. The action came at the third House meeting in a special legislative session convened Monday to consider the politically touchy reapportionment problem. It was the first passage by either house of a congressional reapportionment plan since 1951. Action on the controversial issue hung fire throughout the nine-month 1961 legislature while party policy makers haggled over a compromise solution. The House action today put the bill past the legislative halfway mark.

PTA IS TOLD ABOUT READING

The Franklin Township PTA met Tuesday evening at the Cash-town School when the speaker was M. Francis Coulson, assistant superintendent of schools for Adams County. His subject was "The Library and the Reading Program in Elementary Education."

Pointing out that reading is perhaps the basic skill for education, Mr. Coulson said reading is, primarily, an intellectual process. Relating his topic to the teaching of reading in the elementary schools, the speaker pointed out that the beginning of this learning process is most important. Laying much stress on the fact of individual differences among students, Mr. Coulson said in elementary school the student is instructed toward improvement in reading speed and comprehension.

Mr. Coulson outlined a 10-point program by which parents can encourage and support their children's progress in reading, as a family by reading to and with your children, listening with undivided attention when the kids read to you, keeping informed about what is being read in school, encouraging reading activities other than study, providing reading matter in quantity and quality at home, encouraging use of the public library, guiding, not dictating, your child's selection of reading matter and as PTA groups by developing an elementary school library of 10 books per student, promoting and supporting the public library and volunteering help with the complicated processes of getting books catalogued and on the shelves.

It was announced the Emmitsburg Lions Club Monday evening in the Lutheran parish hall it was reported by the sight conservation committee that 300 pairs of glasses were collected and sent to India.

A discussion on a farmers' night was held and action tabled until the next meeting.

It was announced the Emmitsburg Horse Show will be held Sunday, July 29.

J. Ward Kerigan was unanimously approved for membership in the club.

Eighteen members and one guest attended the meeting.

CLUB IS TOLD OF DUTIES IN COUNTY OFFICE

"The duties of county commissioners are varied, interesting and technical and we are dedicated to improvement of public service," E. Donald Scott, president of the Adams County commissioners, told the Exchange Club at its weekly meeting Tuesday evening in the Lamp Post Tea Room.

"Before I was elected to the commissioner's job, I was told it was a job where they met once a week for a few minutes and then adjourned. Since I've been in office, we usually start at 8 o'clock in the morning and finish up about 5 to 6 at night."

Scott said the responsibilities of county commissioners are increasing. He said that they appoint a chief clerk who is responsible to them and who handles the office work.

"The commissioners have charge of all buildings and offices owned by the county and several rented areas. It is the duty of the commissioners to provide office space for county agencies including the county school board, district attorney's office and the agriculture extension service.

ELECTION BOARD

"The commissioners also serve as the county election board. We must provide polling space either by buying or renting facilities and then see that they are maintained properly for twice-a-year use," he added.

Scott said the commissioners are responsible for the appointment of a county tax assessor, who in turn supervises all the local assessors.

"Our county has 22,000 parcels of real estate valued at \$33 million," he said.

Other services of the commissioners include the county welfare department which presently has 104 children under its care; maintains the county home, jail and 37 bridges.

Scott said the county pays some expenses of the Quick-Call System and it is expected the county may receive up to 75 per cent reimbursement on any Civil Defense program costs.

Scott pointed out that the commissioners have nothing to do with roads or highways in the county. That responsibility lies with either the state or the township.

"I am proud to say that the county tax millage has never been increased since I have been a commissioner and we don't anticipate any tax raise this year," Scott added.

President Ralph K. Will presided with 22 members present.

BULLETINS

CLEARFIELD, Pa. (AP) — Searchers found today a pair of gloves belonging to one of the boys believed trapped in an abandoned clay mine since Jan. 14.

The gloves were owned by Wesley Lowe, 13, according to his father, Ernest Lowe. He said his son was wearing the gloves when he left home.

WASHINGTON (AP) — The House passed today a bill to add one cent to the cost of mailing a letter and raising postage rates for magazines, newspapers and advertising material.

The bill, one of the administration's high priority measures, was passed by voice vote. It now goes to the Senate.

WASHINGTON (AP) — President and Mrs. Kennedy will have the son-in-law and daughter of Soviet Premier Khrushchev as luncheon guests at the White House Tuesday.

The son-in-law is Alexei Adzhubei, editor of the Soviet government paper Izvestia, who interviewed Kennedy in November. The interview was published in his paper.

VFW TO ELECT

The Gettysburg VFW will meet this evening at 8 o'clock at its home on E. Middle St. Following the post meeting, a session of the Home Association will be held at which officers for the coming year will be elected. Refreshments will follow the sessions.

MOTORIST IS JAILED

Gayle A. Davis, 19, Altoona, was sentenced to five days in the Adams County jail by Justice of the Peace Robert P. Snyder Tuesday evening on a charge filed by borough police of driving to the left of the highway. The sentence was given in lieu of a \$5 fine and costs.

COUNTY WILL SEEK BIDS ON COURTHOUSE

The Adams County commissioners had a number of problems for discussion at their meeting in the courthouse this morning and few answers.

With approval Monday by the court of plans for enlargement of the register and recorder's office in the courthouse and toilet facilities in the courthouse, the commissioners were readying specifications to advertise for bids on the contracts for the work. They expect to be ready to advertise in a few weeks.

That also brought up the question of where to move the offices that will be displaced by the enlargement of the register's office. The commissioners noted that the chief assessor's office will move into the section of the courthouse now occupied by the county agent's office.

Present plans call for the county agent's office to eventually fill the space occupied in the Topper building by the law offices of Attorney Charles W. Wolf and Attorney Oscar Spicer who plan to move to the former Deatrick building across Baltimore St. from the Topper building, which would probably mean a temporary location for the county agent in the move from the courthouse to the Topper building.

The Child Welfare office may also go to the Topper building but again may have to go somewhere else. Final decision by the commissioners—"we'll wait until we see how things are moving along a little more before making a final decision."

Brazil, Argentina Offer Coexistence With Cuba, Score Castro For Red Ties

By WILLIAM L. RYAN

PUNTA DEL ESTE, Uruguay (AP)—Latin America's two most powerful nations joined today in a common front proposing hemispheric coexistence with Cuba while condemning Prime Minister Fidel Castro for embracing communism.

The agreement between Argentina and Brazil, who have led rival blocs at the inter-American foreign ministers conference, came in the early morning hours in advance of the conference's first full-day open debate.

DOOR LEFT OPEN

Argentina and Brazil pushed ahead with a compromise proposal to bar Fidel Castro's government from a voice in deliberations of the Organization of American States on the ground that the revolutionary regime does not represent the Cuban people. The door would be left open for Cuba to return to the hemispheric fold should Castro change his ways or should an anti-Communist government emerge in Cuba.

Mrs. Haner Ends Tax Office Work

Mrs. Mary B. Haner, wife of Charles Haner, 43 W. Middle St., has retired as assistant to Tax Collector J. Herbert Weikert. In a formal farewell to the post she held for 20 years she was presented with a check for \$100.

During the period Mrs. Haner assisted in addressing and preparing 180,000 tax notices plus an equal amount of tax receipts and filed the 180,000 tax receipt stubs alphabetically in a master file by which within a few minutes the tax collector can tell any taxpayer in the borough the amount of tax paid within the last 20 years and the dates on which the taxes were paid, Collector Weikert said.

WENTZ WILL OBSERVE 40TH ANNIVERSARY

R. W. Wentz and Son, 121 Baltimore St., will celebrate 40 years in the home furnishing business with a six-week sale beginning Friday and Saturday. All the merchandise has been marked down for the event, with many of the items \$40 off in connection with the 40th anniversary and others as much as \$80 off the regular price.

The sale will last through March 3. A special feature of the anniversary will be the award of a "Grandfather's Clock." Customers may register for the clock and the drawing will be made the final day of the sale.

Roy Wentz, a native of Adams County, opened the store in 1922 after 13 years of service with the now nonexistent Reaser Furniture Co. He is married to the former Miss Sara A. Shindedecker and they reside at 20 E. High St. The couple recently celebrated their 51st wedding anniversary.

Their son, Harold W. Wentz, is a partner in the firm. Personnel of the store includes R. H. Powell, Mrs. Edward Plank, Clyde N. Allison and Clarence Spriggs.

DR. GIFFORD IS SPEAKER FOR 2 LIONS CLUBS

The attempts to socialize medicine are not designed merely to change medicine alone, but "as a wedge tending to permeate all phases of American life," Dr. Roy W. Gifford, surgeon at the Warner Hospital and chairman of the legislative committee of the Adams County Medical Society, told 61 present Tuesday evening at Cashtown for a joint meeting of the Cashtown and Fairfield Lions Clubs.

The Murray-Wagner-Dingel bill defeated under the Truman administration "was a full attempt at socializing medicine but, since the bill's defeat, proponents of socialized medicine are now taking a piece-meal approach," Dr. Gifford claimed.

He outlined the medical care for the aged under the Kerr-Mills bill, portions of which are available to Pennsylvania residents, and the proposed placing of medical care for the aged under Social Security.

Medicine has been downgraded in every country where it has been socialized, Dr. Gifford said, telling of his findings during a recent tour of Europe. He said physicians there noted that 7,000 of their number are in the U.S.

TORCH TOLD OF COMMUNISTS' BRAIN WASHING

Speaking on "Communist Brain Washing," Dr. Vernard S. Group, of the Mechanicsburg Naval Depot staff, told the Adams County Torch Club Tuesday night at its meeting in Trinity United Church of Christ, S. Stratton St., that "American prisoners of war find it increasingly difficult to stand up against Communist methods of indoctrination."

Referring to the statement of the historian Arnold Toynbee that a democracy lasts only 200 years, Dr. Group noted that in a large number of court-martial and other disciplinary cases a common trait noted was lethargy and indifference to war aims, "the signs of a weakening democracy."

"This lack of personal integrity results in poor discipline and as prisoners of war they become easy marks for conversion."

CITES GREAT GAINS

One hundred years ago, Dr. Group said, there was not a communist in the world. Forty-three years ago there was not a communist nation. Now 40 per cent of the world's population is communist.

"It is common knowledge that the communist leadership employs a positive system of brain washing, especially among American prisoners. In this process they point to the weak loyalty within the American family and to a hazy concept of right and wrong, underestimation of the individual's worth, lack of knowledge of national history and inability to see or realize the need of military discipline."

"They permit six months of disorder and lack of discipline and of fighting among themselves on the part of the prisoners. Then when they find them becoming inactive and indifferent, they send in American-trained Chinese communists who begin an educational program directed at American social inequality and crime."

ULTIMATE AIM

"Following lectures during which American prisoners have to stand for at least two to six hours, they require them to repeat the substance of the lecture."

"The ultimate aim is to break down the American trait of independence and point up the conclusion to the American prisoners that the essence of democracy is to follow the crowd."

Dr. Lloyd C. Keefeauver presided at the meeting. Dr. Harry Pfanz introduced the speaker. Guests included Dr. John W. Albright, Ernest W. Baldwin and Wilbur L. Plank.

Taneytown Firemen Injured At Blaze

John Reaver, a member of the Taneytown Fire Co., suffered chest injuries while his company assisted the Union Bridge firemen in fighting a blaze along the Bunker Hill Rd., between Union Bridge and Johnsville, Tuesday evening.

The Taneytown firemen were called about 7 p.m. to assist Union Bridge after fire broke out in a tenant house on the old Strine farm. Considerable damage was caused to the upper portion of the dwelling. Union Bridge sent two trucks and Taneytown one. They remained at the scene until early this morning.

Mr. Reaver received treatment from a physician.

"Teen Center" Will Be Open Tonight

The "Teen Center" on the third floor of the American Legion home, Baltimore St., will be open this evening from 6 to 9 in its first attempt to serve as a center for the teen-agers at night.

Monday afternoon the center was open for the first time during the afternoon and 60 visited to play table tennis, read and play games.

Plans call for the center to be open Monday afternoons after school and Wednesday evenings from 6 to 9.

Girl Badly Hurt In Car-Bus Crash

Gloria Zepp, 12, daughter of Mr. and Mrs. Joel Zepp, York Springs R. 2, was reported in a "satisfactory" condition today at the Warner Hospital, suffering from a fractured skull suffered when a car in which she was a passenger was in a collision with a school bus Tuesday afternoon at 4:35 o'clock in York Springs.

State police said Miss Zepp was occupant of a car operated by her sister, Miss Cynthia Zepp, 16. Cynthia suffered a laceration of the forehead. Both were brought to the Warner Hospital here in the York Springs ambulance.

According to police, the Zepp car pulled out of a private driveway into the path of a school bus operated by Victor E. Stoner, York Springs R. 2. Damage was estimated at \$600 to the car and \$250 to the bus.

A. V. WEIKERT, EX-POLICEMAN HERE, DIES, 91

Andrew V. Weikert, 91, former Gettysburg policeman and battlefield guard, died this morning at 4:35 o'clock at the Pape Convalescent Home, Lincolnway West. A resident of 46 E. Middle

"ANDY" WEIKERT

St., he had been a guest at the home for the last two months.

A native of Mt. Joy Twp., he was a son of the late Andrew and Sarah E. (Munshour) Weikert, and was a member of St. James Lutheran Church here. He was a life member of the Elks Lodge.

In the 1890's he had served as a bugler with Battery B, 2nd Regiment Artillery. He served as a member of the Gettysburg Police Department for 12 years and for many years was a battlefield guard, serving as the last of the men to be appointed to that post. He had been a guard first at Little Round Top and then at Devils Den.

He was a town policeman from 1915 to 1919 and then returned to police duties here in 1922. He retired as a Park guard in 1940.

SERVICES SATURDAY

He had also been employed for a number of years at Middletown Air Depot.

Survivors include his wife, the former Ida G. (Hummel) Williams; a son, William A. Weikert, Lancaster; three grandchildren; four stepchildren, Mrs. Joseph Feeser, York; Paul and Clair Williams, Ambler, and Richard Williams, Philadelphia, and two brothers, Samuel Weikert, Steinwehr Ave., and Wesley Weikert, W. Middle St.

Dr. Hamsher Will Serve D.C. Church

Rev. Dr. and Mrs. M. R. Hamsher, Windbrill Lane, will leave for Washington, D.C., on Thursday where Dr. Hamsher will take up his duties as interim pastor for the Lutheran Church of the Reformation. The church has been without a regular pastor since Dr. Lawrence D. Folkemer resigned to join the faculty of the Gettysburg Lutheran Theological Seminary. During the time the Hamshers will be in Washington, their home here will be occupied by Mr. and Mrs. Martin Fogarty. Mr. Fogarty is a student at the seminary here.

TO AIR CONFERENCE

WGFT will broadcast President John F. Kennedy's news conference tonight at 7:15 o'clock. The conference will be held in Washington at 4 p.m. but live broadcasts have been banned by the White House. The conference will be sent from Washington to WGFT by the Mutual Broadcasting System.

E. C. SHRIVER IS PRESIDENT OF VET FIREMEN

Eugene C. Shriver, York St., who will have been a member of the Gettysburg Fire Department for 50 years next December 11, was elected president of the Veteran Firemen's Association at its 25th annual banquet meeting Tuesday night at the Elks home, York St.

Shriver had served as vice president of the organization during the last year and presided at Tuesday's meeting. The president who he succeeds, Rufus H. Bushman, died recently.

Under the rules of the association, the members move up to the presidency in rotation based on the year of their entry into the fire department. Shriver became a member December 11, 1912. Named as vice president was Andrew Florence, who became a member in 1915.

OLD-TIMERS THERE

Four of the members in the organization have longer terms of service than Shriver, but have previously been president. They include Jesse E. Snyder who became a fireman in 1904; Benton D. Gilbert, who joined the company in 1906; Bert Hummer who became a fireman in 1909 and Charles W. Culp Jr., who joined the fire company in 1911. All but Snyder were present Tuesday night and were "introduced."

The "active" posts in the organization are held by younger men. Donald Staub was re-elected secretary-treasurer and Charles Boiling was re-elected chaplain.

Four prior fire chiefs present, James A. Aumen, Donald Staub, Donald McSherry and Mayor William G. Weaver, were introduced.

Mayor Weaver, who is currently secretary of the fire department and a past chief and past president of the fire department, served as master of ceremonies, a post he has held for years.

7 NEW MEMBERS

With the addition of these new members Tuesday, the membership rose to 110: Nelson Croft, Fred Myers, Robert Neary, Robert Redding, Robert Shultz, Chester Small and Julius Swope.

Ninety-two attended the banquet—the largest attendance in 25 years the dinner has been held. A minute of silence was observed in memory of Rufus Bushman and Jacob Small, members who died during the last year.

Judge W. C. Sheely, honorary veteran fireman, performed his duties of many years standing of inducting the new officers and spoke briefly to the group, noting that "27 years as a judge is a

PUPPET SHOW ON SATURDAY

A puppet show of fairy stories and fables will open the 1962 "Story Hour" series at the Adams County Public Library, Saturday morning at 10 o'clock. Miss Ellen Humphries, 13-year-old daughter of Mr. and Mrs. Donald Horst, Biglerville R. 2, will produce the show in the second floor hall.

What began as a child's hobby and playing, has become the most popular and colorful feature of the "Story Hour," attracting large numbers of children. Drawing from her collection of 75 hand-carved wooden characters, gifts from her grandfather in Germany, Miss Humphries manipulates the dolls around a wooden stage, while her voice delivers the speaking parts of each character. She is a pupil in the Ninth Grade of the Biglerville Junior High School.

The story hours, formerly given on Friday afternoons, will now meet each Saturday morning. Mrs. Roy W. Gifford will tell stories on Feb. 3, and Mrs. Norman Richardson on Feb. 10.

SEND TROOPS TO CONGO TOWN WHERE 19 DIED

LEOPOLDVILLE, the Congo (AP) — Loyal Congolese government troops and a team of U.N. administrators have been flown to the north Katanga town of Congo, where troops on New Year's Day massacred 19 white Roman Catholic priests.

The contingent of 160 Congolese troops radiated that the Congo airfield was safe for the arrival of Gen. Victor Lundula, the Congo army's eastern commander, who was to fly there today with two Red Cross representatives.

The first message gave no details of the situation in the town, but it was believed the troops who shot the priests before a crowd of terrified schoolchildren had pulled out of the town.

U.N. aerial reconnaissance over the area has revealed troop movements along the road leading out of Katanga, including to Solia, where they are believed to have overrun another Roman Catholic mission.

In Leopoldville, deposed leftist Antoine Gizenga was transferred under guard to a military camp during the night.

He is under arrest to await trial for secessionist activities against the central government.

SELF-RULE TO BE GRANTED TO TRANSKEI

CAPE TOWN, South Africa (AP) — Prime Minister Hendrik Verwoerd has announced his white supremacy regime plans to give internal self-government next year to a segregated state of two million blacks in the Transkei area on the Indian Ocean.

Verwoerd told Parliament Tuesday Transkei would be the first state set up under his government's program of separate development for Bantu (Negro) states within a South African commonwealth.

Transkei will have a wholly black Parliament and Cabinet with authority over agriculture, education, lands, roads and other internal matters, Verwoerd said. External affairs, defense and certain aspects of the administration of justice will remain in the hands of the all-white South African government for the time being, he said.

Verwoerd's announcement drew fire from Dr. Bernard Friedman, leader of the Transvaal Progressive party. He termed it window dressing to disarm foreign critics of South Africa's apartheid policy of strict racial segregation.

The Transkei is an area of 16,000 square miles on the Indian Ocean south of Durban. The government says it has a population of 2,060,770, all Bantus except for 17,369 whites and 13,716 "colored" persons of mixed origin.

Orrtanna

ORRTANNA—A/3C Harman L. Spence, son of Mr. and Mrs. J. Edward Spence, Orrtanna R. 1, has completed eight weeks of basic training at Lackland Air Force Base in Texas where he was sent on Thanksgiving Day following his enlistment in the U. S. Air Force. He is a graduate of Gettysburg High School and was employed by his brother, Clark E. Spence, as a soft drink distributor. He spent the last weekend with his parents and then reported to Willow Grove, near Philadelphia, where he will be stationed for some time.

Mr. and Mrs. Kermit Wetzel and daughter, Candy, Solly, Md., visited Sunday with the former's brother and sister-in-law, Mr. and Mrs. Dale Wetzel.

Mr. and Mrs. Paul Wetzel visited Saturday evening with Mrs. Wetzel's brother-in-law, J. Wilbur Barton, at the Hanover Hospital where he was admitted after suffering a cerebral hemorrhage at his home in Littlestown Saturday morning. The Wetzels were accompanied to the hospital by Mrs. Robert Mickle, Fairfield R. D., a sister of Mr. Barton. His condition remains about the same.

Mr. and Mrs. Harold Keller and children, Max, Carmen and Cynthia Beth, York, spent Sunday with Mrs. Keller's parents, Mr. and Mrs. Claude Fissel, and other relatives.

Mrs. A. W. Butterfield addressed the Adams County Council of Republican Women Tuesday evening on "Practical Politics" using as the theme of her talk the book "The Report of the County Chairman" by James A. Michener, native of Doylestown. The meeting was held at the lower court room and was opened with a coffee hour at 8 o'clock. Mrs. Alfred J. H. Fidler, president presided at a brief business meeting. Mrs. D. Edwin Benner, membership chairman, reported that five new members have been enrolled bringing the total to 348. The council will have charge of the decorations at the Lincoln Day dinner to be held Feb. 7.

The Epsilon Delta Chapter of Beta Sigma Phi met Tuesday evening at 8 o'clock at the West St. bank. The business meeting was conducted by the president, Mrs. Eugene Pyles. It was decided to have a member attend the meeting of the Women's Civic Council on the third Monday of each month. Mrs. Kitty McBee was in charge of the cultural program entitled "Dance." She introduced Miss Donna Spence who told of her training at a dance studio in York. Miss Spence demonstrated the do's and don'ts of ballroom dancing. Refreshments were served by the hostesses, Miss Aurelia Spence and Mrs. Jean Rohrbach.

The Central District Amvets will meet at the Fairfield post home Sunday.

The Lydia Sunday School Class of St. James Lutheran Church met Tuesday evening at the home of Mrs. Rosalie Boyer, N. Stratton St., with Nadine Oyler as cohostess. Plans were made for the next two meetings which will include a covered dish supper in February. Members revealed last year's Pollyannas and new ones were exchanged.

The devotional program, conducted by Mrs. Boyer and Mrs. Marie Kuhn, described Warner Solomon's painting of Christ, Albrecht Durer's "Praying Hands" and "Prayer of Peace" by St. Francis of Assisi. Mrs. Boyer and Mrs. Paul L. Reaser sang "Prayers the Key to Heaven, Faith Unlocks the Door." A period of quiet meditation was followed by prayer by Mrs. Reaser. The offering was received and refreshments served.

The Annie Danner Club held a progressive dinner Tuesday evening with 20 members and two guests present. The first course was served at the home of Miss Verna Kitzmiller, W. Middle St., with Lottie Harman and Clara Singley as cohostesses. The main course was served at the Y with Martha Lentz, Ruth Johns, Virginia Lauver and Margaret Weaver as hostesses. Dessert was served at the home of Violet Kidwell, Barlow St.

The Chi Omega Alumnae Club will meet Thursday evening at the home of Sally Frying, W. Lincoln Ave., at 8 o'clock.

Mr. and Mrs. Roy Vaughn, Baltimore St., have returned after spending a two-week vacation in Florida.

Mr. and Mrs. Samuel Scott, Hanover St., and Mrs. S. Lester Scott, E. Middle St., visited recently with Mr. and Mrs. Kenneth Fink, Levittown, son-in-law and daughter of Mrs. S. Lester Scott, and with Mr. and Mrs. Vincent Menchec, Hopewell, N. J., parents of Mrs. Samuel Scott.

The Women of the Moose met Tuesday evening at the Moose home with Jean Keller, senior resident, presiding. The charter was draped in memory of Marion Sanders who died Jan. 7. It will be draped for 30 days. One new candidate was accepted and will be enrolled at the next meeting. Kay Davies was appointed to serve on the Halloween committee. The chapter will participate in the midwinter conference to be held Sunday afternoon at 1:30 o'clock in the Knights of Columbus hall, Chambersburg. The chapter will be in charge of the closing at the ritual. Those wishing to attend are asked to meet at the Moose home, York St., Sunday at 12 o'clock noon. Mary Haines was awarded the door prize and Mary Cole received the good of the chapter award.

The Garden Club will meet at the YWCA Thursday evening at 7:30 o'clock. The new officers are: President, Mrs. Robert Reynolds; vice president, Mrs. Frank Brumer; recording secretary, Mrs. J. C. Lott; corresponding secretary, Mrs. Harold Schuch; and treasurer, Mrs. William Bigham. The program for the year will be outlined. Members are asked to bring a dried line arrangement.

The members of the Auxiliary of the Sons of Union Veterans and the Salome M. Stewart Tent will meet this evening at 7 o'clock at Bender's Funeral Home to attend the viewing of Mrs. Mae Pitzer.

The Miriam Circle of St. James Lutheran Women with Mrs. Pearl Wiser, leader, met at the home of Miss Elsie Garlach, Chambersburg St., Tuesday morning at 9:30 o'clock. Miss Garlach conducted the devotion. The program "Continued to Continuum" was presented in the form of a dialog by Mrs. S. G. Sollenberger as the interviewer from the United States and Mrs. William Weaver as "Mrs. South America," telling of the living conditions and customs of the different countries.

Miss Garlach and Mrs. Weaver were the hostesses. The next meeting will be held February 20 at the home of Mrs. William Gallagher, W. Middle St., at 9:30 o'clock.

Mrs. Henry M. Scharf, Herr's Ridge, has returned from a visit in Harrisburg and Philadelphia. While in Philadelphia she attended a luncheon honoring Mrs. William H. Work, Harrisburg, the new chairman of the Commonwealth Committee of the Women's Medical College of which Mrs. Scharf is a member.

The Friday Afternoon Literary Club will hold its annual dinner at the YWCA building Friday evening at 6:30 o'clock. Husbands of members will be guests. A special program has been prepared.

Officers will be elected at a meeting of the Adams County Light Horse and Pony Club Saturday evening at 7:30 o'clock in the West Street bank. A movie on the Morgan Horse will be shown.

Officers and advisors for the Adams County 4-H Senate will meet Feb. 1 at 7:30 o'clock in the courthouse. Plans for 1962 events will be discussed.

The Mt. Joy Homemakers will meet at the home of Mrs. Francis Walker, R. 1, Friday evening at 7:30 o'clock. The topic will be "Machine Mending" with Mrs. Paul Waybright and Mrs. Freda Myerhoffer as local leaders. Each member is asked to bring a mending problem to the meeting.

Engagements

Nickey—Dehoff
Mr. and Mrs. Diamond Dehoff, Littlestown R. 1, announce the engagement of their daughter, Linda Helena, to James R. Nickey, son of Mr. and Mrs. Bernard J. Nickey, Littlestown. Miss Dehoff is a Senior at Littlestown High School. Her fiancé is an alumnus of Delone Catholic High School and is employed by his father as route sales manager of the Bizzzy Bee Cleaners, Littlestown.

McCormick—Worley
Mr. and Mrs. George S. Worley, Littlestown R. 2, announce the engagement of their daughter, Brenda, to James McCormick, son of Mr. and Mrs. Thomas McCormick, Seaford, L.I., N.Y. Miss Worley is a graduate of Littlestown High School and is a Senior at Millersville State College, majoring in mathematics. Her fiancé is a graduate of Seaford High School and is a Senior at Franklin and Marshall College, Lancaster, also majoring in mathematics. He is a member of Phi Sigma Fraternity.

Waiting For State In Franklin County

The Franklin County School Board Monday night reiterated its intention of waiting for state standards and guide lines before making county school reorganization plans.

"We want them in hand in order to know where we're going before we start," said members.

The state has notified the board the standards for reorganization may not be delivered into its hands until February 15.

In other matters taken up at the session held at the courthouse annex offices of county school superintendent James K. Gibson, approval was granted on plans of two schools to build additions. Guilford Hills Elementary School proposes construction of an annex of two rooms. The new Franklin School plans an all-purpose room and cafeteria facilities.

Transfers Priest From Frederick

The Most Rev. Lawrence J. Shehan, D.D., archbishop of Baltimore, has announced the transfer of Rev. Richard C. Mitchell, for the past eight years assistant pastor of the Church of St. John the Evangelist, Frederick, to become assistant pastor of the Church of St. Paul the Apostle, Elliott City, Md. The reassignment became effective today.

Father Mitchell was born in Lancaster and took his philosophical and theological studies at Mt. St. Mary's College and Seminary, Emmitsburg, and was ordained by the Most Rev. Lawrence J. Shehan, D.D., on June 5, 1949, in the campus chapel of the Immaculate Conception at the Mount.

trof, dignity, responsibility and sincerity and integrity in pursuing selected endeavors. Other requirements were good moral character and genuine interest in family, community, national and world affairs. In addition to stating her aims and purposes, the candidate had to write an essay of not more than 250 words on "My Responsibility as a Citizen," and her application had to have substantiating evidence three accompanying letters written by three adults not related to the candidate.

7 SCHOOLS COMPETED

The judges said: "We are proud indeed to introduce to the club these seven girls who so ably fulfilled the requirements for this contest." The application selected by the local club as the winner has been forwarded to the Western District for competition among the regional clubs with the winner of that contest to compete for the national award. An award of \$2,500 each, will be given to two graduating Seniors from any high school or its equivalent, in any of the nine nations in the Soroptimist Federation of the Americas, Inc., the winners to be announced at the biennial convention of the federation in San Francisco July 8-13.

The other high school Seniors competing with Miss Brown and the schools they represented were: Brenda Bean, Upper Adams; Maryann Dissinger, Bermudian Springs; Judy Hoffman, Lower Adams; Carole Miller, Delone; Carol Reinhold, Fairfield, and Janet White, Gettysburg. Each of these students has been or will be introduced personally to the Soroptimist Club at a monthly dinner meeting as "Co-ed of the Month."

Each contestant will receive a charm with the inscription "Soroptimist Co-ed of the Month, 1961-1962."

The service objectives committee of the local club, which has been responsible for carrying out this project, includes Mrs. Frederick Griest, Mrs. Howard Hartzell and Mrs. Henry T. Bream, chairman. The committee commends the school principals, guidance counselors, teachers and students who cooperated in conducting the contest.

GET INVITATION

Twenty-six members attended the session at which Dr. Elizabeth Gregg, president, announced plans for her and delegates, Mrs. H. W. Baker and Miss Evelyn Altkoff, to attend the regional Soroptimist conference to be held at Haddon Hall, Atlantic City, N.J., April 6 through 8. She also announced plans for the biennial conference of the Soroptimists at San Francisco which Dr. Gregg said she expects to attend.

The ways and means committee reported a profit of \$113.50 from a merchandise selling project.

An invitation was received from the Soroptimist Club of Chambersburg for the local group to attend a joint installation dinner at the Hitching Post Inn, Chambersburg, June 5.

Hostesses for the social hour following the meeting were Mrs. Sizer Burton, Mrs. Bream, Mrs. Harry Scott and Mrs. Frederic Griest. The next meeting will be held Tuesday, February 13, at the Lamp Post Tea Room with the public relations committee in charge.

and in the community. In the other topics they are concerned about how the community can best insure the intellectual, physical and spiritual growth of all children. In the topic "Our best students never graduate" they hope to learn something of how they can inspire young people to continue self and group improvement beyond their formal education.

"Several factors influenced the executive committee to take this approach to PTA topics," Korver said. "Our last PTA meeting was a 'Back to school night' which left many parents asking for more meetings of that type. They wanted to know more about the school. We responded by asking them just what they wanted to know and, from the questions submitted, the executive committee selected the four Thursday evening topics as a starter. More topics will be studied as groups can be organized."

"Another factor was the desire to give depth to our discussions and studies—something that can be handled best in small groups. Yet another factor was the desire on the part of many of our people to gain the information when not able to attend the PTA meetings. This is why we hope to publish our study reports."

Serving on the planning committee are Paul Bubb, Henry Semke, Joseph Stoner, Alfred Billett, Mrs. Clair Bower, Robert Bolger, John Robert and John Korver.

APPLY FOR LICENSE

An application for a marriage license has been filed at the Franklin County courthouse by Harry Davis Dize, 50, Orrtanna R. 1, and Charmil Dorothy Norris, 42, Hagerstown.

He is presently taking six weeks of basic training at Fort Sam Houston, Tex., after which he will report to Fort Dix, N. J., for further assignment.

Jesse Beard, Waynesboro, is visiting Mr. and Mrs. John E. Brown, Arendtsville.

The Auxiliary of the Cashtown Fire Company held its January meeting Monday evening at the Cashtown Community Hall with approximately 49 members present. Mrs. Helen Baker, president, opened the meeting with a poem entitled "Get Up and Go." Devotions were conducted by the chaplain, Mrs. Phyllis McClellan. The group singing of "America the Beautiful," "Beautiful Dreamer" and "Love's Old Sweet Song" was accompanied on the piano by Mrs. Elizabeth McClellan. Year-end reports were given by the secretary, Miss Mary Ellen Martz; the retiring treasurer, Mrs. Dora Settle, and the retiring ways and means chairman, Mrs. Edna Kuhn.

The auxiliary voted to purchase 100 metal chairs for use in the dining room. The door prize was won by Mrs. Kermit Deardorff. The guess box, donated by Mrs. Howard Bart, was won by Mrs. Paul Martz. "Happy Birthday" was sung to the following January hostesses: Mrs. Helen Kuhn, Mrs. Elizabeth McClellan, Miss Burnelle Deardorff and Mrs. James Miller. Refreshments were served and games were played. The next meeting will be held on February 26 at the same place.

STOCKS SLIP

NEW YORK (AP) — The stock market continued to backslide in quiet trading early this morning. The Associated Press average of 60 stocks at noon was off 60 at 253.50 with industrials down 190, rails up 10, and utilities off 30.

Losses of most key stocks went from fractions to about a point while more volatile or higher priced issues declined considerably more.

Weather

Extended forecasts for Jan. 25 through Jan. 29:

Eastern Pennsylvania, southeastern New York and New Jersey—Temperatures are expected to average near normal except three to five degrees below normal in the extreme northwest. Warming trend early in the period, near the seasonal normals in the middle of the period and becoming colder Sunday. Precipitation may total about three-tenths of an inch melted in western portions and less than three-tenths elsewhere, occurring as rain or snow over the weekend and again at the end of the period.

Middle Atlantic States — Temperatures will average near normal. Warmer Thursday will be followed by colder the first of next week. Precipitation amounts will average less than one-half of an inch, occurring over the weekend.

Western Pennsylvania — Temperatures will average one to three degrees below the normals. Colder Friday and Sunday with near seasonal temperatures on other days. Precipitation will average one-fourth to one-half of an inch melted, occurring as showers or snow flurries throughout the period.

He also quoted Stalin as saying "socialism cannot be maintained voluntarily or by choice, to be effective it must be implemented by force."

He also noted that he had never known of a patient in the U.S. "thrown out of a hospital or not given medical care because of lack of funds." He urged "those interested in expressing their sentiment in regard to medical care for the aged" to write Congressman George Goodling at Loganville, or Senators Hugh Scott and Joseph S. Clark at Philadelphia.

During a business session the Cashtown Lions and Fairfield Lions agreed to jointly sponsor a donkey basketball game. The Cashtown Lions Club made plans to conduct an amateur talent contest.

COLD WEATHER MODERATES IN MANY AREAS

By THE ASSOCIATED PRESS

Zero weather clung to the central Plateau region today but temperatures moderated across most of the nation from the central Rockies into northern New England.

Light snow and rain hit scattered sections of the country.

The zero belt stretched across areas in eastern and southeastern Idaho, northern Utah, southern Nevada and southeast Oregon. In Idaho it was -14 in Idaho Falls, and -10 in Pocatello and Dubois. Salt Lake City reported 5 below.

MERCURY RISES

For the first morning in more than a week many Midwest and Rocky Mountain areas reported temperatures above zero. Readings were generally from 10 to 20 degrees from the central Rockies into northern New England although the mercury edged near zero in some parts of northern Maine.

A cool front was stalled across central Georgia and southern parts of South Carolina and Alabama but Tuesday's freezing weather in Tennessee moderated in most sections to a little above the 32 mark.

Mild weather continued in Florida with a reading of 75 in Key West and West Palm Beach and 69 in Miami.

The 40s and 50s prevailed from the western Gulf Coast to the middle Atlantic Coast states. Readings in the Far West were near normal levels.

EVERYTHING IS ON SCHEDULE FOR SPACEMAN

By ALTON BLAKESLEE
Associated Press Science Writer

CAPE CANAVERAL, Fla. (AP) — crewcut, astronaut John H. Glenn Jr. today followed his "D-minus 3" routine with all signs pointing to an attempt to orbit him around the earth on Saturday.

The schedule three days before flight usually calls for rest, relaxation, sun and exercise, sleep and reading and a few technical meetings. There is also a change in diet, to begin eating foods creating little body waste.

Within about 24 hours, experts had located and repaired a leak in the oxygen flow system in Glenn's capsule, putting in a new valve and ducting. This fault had forced a postponement in his flight, once set for today.

PERSONAL CHECKOUT

Glenn personally checked out the life-supporting systems in the capsule Tuesday. His back-up pilot, M. Scott Carpenter, flew a pretended three-orbit, 4½-hour mission in space.

Everything now looks satisfactory, officials of the National Aeronautics and Space Administration indicated, with preparations going forward for a launching attempt "no earlier than Saturday."

Weather or other unexpected problems could force more delay.

While Carpenter was "flying" the spacecraft, Glenn scooted out of seclusion at the space base to Cocoa Beach for a \$1.50 haircut—reading a magazine rather than engage in small talk with his barber.

He also reviewed results of a thorough physical examination with Dr. William K. Douglas, the astronauts' personal physician. Physically, Glenn is set to go, said the doctor. Glenn, a bug on exercise for fitness, went jogging later in the afternoon.

Collects Medical Lore As A Hobby

BALTIMORE (AP) — M. L. Cooper of Baltimore collects ancient medical lore as a hobby. Here are a couple of his gems from 15th Century Europe:

"Ache of Head — Take wormwood, wax and incense and stamp them together with the white of an egg and put it in a linen cloth and bind it about the head. Take a handful of rue and another of ground ivy, the third of leaves of laurel and seethe them together in water or in wine, and that plaster lay on the head."

"For the Black Jaundice — Take earthworms before they go into the earth in the morning and fry them and so have the earth out of them; and fry them until they be dried and grind them small in a mortar, and temper with good ale and with a little saffron; and let the sick drink it first and last."

ON AIRCRAFT CARRIES

Larry L. Unger, seaman apprentice, USN, son of Mr. and Mrs. Ralph I. Unger Sr., 413 E. King St., Littlestown, is serving with Air Antisubmarine Squadron 24 aboard the antisubmarine warfare support aircraft carrier USS Essex, deployed to Eastern Atlantic waters. During the cruise, the ship visits ports rarely seen by American navymen, such as Southampton and Portsmouth, England; Greenock, Scotland; Belfast, Ireland; Rotterdam, the Netherlands; Hamburg, West Germany.

TWENTY-FIVE YEARS AGO
Odd Fellows To Honor Wilkey
At Annual Banquet: Members of Gettysburg Lodge, No. 124, Independent Order of Odd Fellows, their families and guests will hold their third annual banquet, celebrating the birthday anniversary of Thomas Wilkey, founder of the Independent Order of Odd Fellows, in the social room of the St. James' Lutheran Church, Friday evening at 6:30 o'clock.

David Forney Operated Upon:
David Forney, Carlisle street, proprietor of the National garage and annex, underwent an emergency operation at the Annie M. Warner hospital Sunday evening at 9 o'clock for appendicitis. He had several serious attacks Sunday and his physician Dr. C. G. Crist, urged the operation at once. He was resting comfortably today.

\$296 Donated For Flood Aid:
While local Red Cross officials momentarily expect word from Washington, D. C., raising this county's quota for national flood relief work, donations received up to early this afternoon had totaled \$296.60. A telegram from national headquarters Saturday set the first quota for this county \$600, while \$2,000,000 was asked nationally. A later communication stated that estimates of minimum needs placed the national cost at not less than \$3,000,000.

Senator Rice Sponsors Bill For
Gettysburg Peace Memorial:
State Senator John S. Rice, Gettysburg, Monday introduced a bill in the legislature to create a special fund of \$100,000, to be known as the Gettysburg Peace Memorial fund, for the purpose of building an eternal light peace memorial on the battlefield here. The measure is in conjunction with a bill providing for the seventy-fifth anniversary of the Battle of Gettysburg and the reunion of the Blue and Gray in 1938.

Mrs. Sara E. Stock, 82, Dies
After Being Struck By Car In Center Square: Mrs. Sara E. Stock, 82, 11 Baltimore Street, died at 10 o'clock Tuesday evening at the Annie M. Warner hospital, less than a half hour after she had been struck by the automobile of John Settle, 45, Seven Stars, as she crossed Chambersburg street at center square.

Marks on the Settle car indicate that Mrs. Stock was hit by the middle of the front bumper of the machine as it entered the square and her head struck the right side of the hood of the coupe. Settle brought his car to a stop about 45 feet east of the point where the woman was struck.

Girl, Aged 7, Misspells Only 5
Of 640 Words In 40 Daily Lessons:
Miss Janet Pitzer, seven-year-old daughter of Mr. and Mrs. Ralph Pitzer, near Brysonia, is establishing an enviable record as a speller.

She has misspelled only five words in 40 consecutive lessons that comprised at least 640 words. Each lesson averages from 16 to 18 words.

No prize has been offered, Janet's only incentive being the high marks on her papers.

Mrs. Ernest L. Hartman is her teacher at the Brysonia school.

Hogs Better When Cool In Summers

COLUMBUS, Ohio (AP) — An increasing number of farmers are taking steps to keep their hogs cool in summer, the Ohio State University extension service says.

By keeping hogs relatively confined, farm specialists say, they gain weight more efficiently and under more sanitary conditions. But they also can't cool off under a tree or in a mudhole.

So, the university's researchers say, farmers are using overhead pipes with fog spray nozzles, shades over feed-watering rest areas, ventilation systems, insulation and paved areas to protect hogs in hot weather.

Today's Talk

NOBILITY
I have always liked the very sound of this word nobility. When it is attached to a particular individual you immediately raise your head a little higher and are glad you are looking into the face of such a one.

The ancients always liked to attribute notable qualities to their gods. Thus Jupiter was made to represent a conqueror. It is said of him that whether he sat or stood, whatever he did, he conquered.

The story is told of Daniel Webster that when he walked the streets of London his countenance was so noble that the people thought a god had come among them. I can well imagine how that could be. I read of the time when he delivered his famous reply to Hayne. Even his friends feared for him, but hardly had Webster opened his mouth but all realized that a true giant had arrived to define the great principles of a nation.

Nobility walked with such men as Lincoln, Lee, Gladstone, and "Stonewall" Jackson.

Nobility hovers about the tired forms of the toilers and about all those, no matter what station, who feel they are deserving of the just fruits of labor and honest effort.

Nobility knows no caste or creed. Like God's breath, it warms the palace and hovel alike. Noble words, when they proceed from a whole and generous heart, are resonant with beauty and meaning.

Nobility stalks. A thousand barks at its heels make no difference. It rides with the sun and the stars. It takes the discouraged man or woman and lifts him or her up. It understands. It binds up the broken in spirit and makes them take a solid hold upon life anew.

Nobility doesn't need Norman blood either!

Of his I should agree.

He thinks his friends I should be glad
To welcome home to dine,
But plainly shows his temper bad
Before good friends of mine!"

"Plaintiff, defendant, let me say
Not easy marriage seems;
Both must put selfish whims away
To realize their dreams.

Upon the earth no angels dwell;
A home of happiness
Lies not in having all things well,
But conquering selfishness.
Thus spoke the judge: "Who'd keep secure
A home must countless frets endure."

RICHIE ROSS NEVER QUILTS

VILLANOVA, Pa. (AP)—In his sophomore year at Villanova University, Richie Ross was told that his football-playing days were over. But in his senior year, Ross was:

—Named outstanding lineman in the Sun Bowl game.

—Given the Philadelphia Touchdown Club award for October.

—Voted the outstanding lineman to appear in the New England area.

—Awarded the McLaughlin Memorial Prize, given by the Villanova Football Alumni Club of Philadelphia for leadership and ability.

—Signed to a professional contract by the Dallas Texans of the American Football League.

RECOVERED FUMBLE

Quite a comeback for the 215-pound guard from Convent Station, N.J.

Richie wrapped up his college career by captaining his Villanova team.

"GUNFIGHTER" IS BECOMING ARTILLERYMAN

The Army is providing Curvin Eugene Heiss, 23, of Fifth St., with bigger guns than he used last summer while featured at Frontier Town, Ocean City, Md., as "The Gunfighter."

Heiss, who with his father has been engaged in museum work in the area for several years, became interested in doing tricks with the .45 calibre Colt "Peacemaker," the 1873 model. He became unusually proficient in handling the weapons and as a result was employed throughout last summer to display his skill as a simulated gunfighter of the western plains.

Called to Army duty, he now is at Fort Sill, Okla., where the Army is training him as a fire direction control operator with the artillery.

BASIC AT DIX
He took his basic training in October at Fort Dix, N. J., where he was in Company K—a coincidence, since Heiss with his father had been among those who established Company K, the local North-South Skirmish Co., which recreated the Company K made up of Adams County men who fought in the battle here 99 years ago.

Heiss, nicknamed "Corky," assisted his father in the construction of miniature displays being shown at the Diorama and Lincoln Room and with his father assisted in the setting up of the Hall of Presidents.

ON POST'S PAPER
He became interested in "gun slinging" while engaged in construction of the former Frontierland Museum along the Lincoln Highway.

At Fort Sill, in addition to his other duties, he has been named as a reporter for "The Defender," the camp newspaper, and after demonstrating his skill in handling a pistol at Fort Sill has been given permission to have his two matched Colt Peacemakers forwarded to him there to give pistol demonstrations at the fort. The "Defender" recently ran an article on Heiss' skill in handling pistols.

COVENTRY, Conn. (AP)—The neat young fellow with a suitcase identified himself as a door-to-door salesman. But when he got his foot in the door of the home, the truth came out. He was a state policeman out to make a gambling arrest in the home. The trick worked.

va team to an impressive 17-9 triumph over Wichita in the Sun Bowl last Dec. 30. He recovered the fumble that led to the decisive touchdown and gave Villanova an 8-2 record for the season.

In his first game as a varsity starter in 1959, Richie smashed his shoulder. He was advised to give up football. He underwent an operation that required 32 stitches and waited.

ASSISTANT COACH
When the next football season rolled around, Richie, now a junior, again was told to forget football and was given an assignment as an assistant freshman coach.

One day of coaching was enough for him and he persuaded the team physician to let him at least try to play. The shoulder stood the test of practice and Richie was back in action.

This past season he led the offensive line as the running guard, backed the defensive signals and in the Villanova football brochure's description of the squad's leading players, one of the phrases describing Richie is "never quits."

He certainly doesn't.

KOVACS SHOW ENTERTAINING TUESDAY NIGHT

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—The television show that Ernie Kovacs put together and taped a few weeks before his death on Jan. 13 was shown by ABC Tuesday night.

Happily, it contained a typical and wide assortment of the things that Ernie—and most of the rest of us—thought were funny.

There were the wordless, short sight gags—the beautiful lady of the harem who drops her veil to reveal a Vandyke beard; the house of cards that drops through the concrete foundation as the last pastebord is put in place; an art restorer working on Lincoln's twitching nose at Mt. Rushmore, to mention a few.

ADROIT, IMAGINATIVE
There were fine sketches demolishing phony avant garde poetry, painting and sculpture done in "Person-to-Person" style. In the first, Kovacs, playing the interviewer, conducted an arty interview with a poet who was persuaded to read his new epic, "Dearth":

"Dearth, dearth, dwack
"Oh, sheaves of weed the wind"
"There's a lot of truth in that," said Kovacs in reverent tones.

It was adroit, imaginative nonsense. The sponsor omitted the commercials, and at the end an announcer quoted the clergyman at Kovacs' funeral, "We loved this man. He gave happiness, joy and gaiety to the world." And he did, including Tuesday night.

O'BRIEN BRANCHES OUT
Hugh O'Brien, after all those successful years playing a bold, intrepid Western lawman in "Wyatt Earp," has managed to pull out of the type-casting rut, so feared by performers, in a Broadway play, a family drama, and now he will play the hero in an upcoming NBC "Theater '62," adaptation of "Spellbound," a role about as far away from a quick-draw cowboy marshal as an actor can get.

Although TV inherited a number of radio's habits and devices, including its rigid method of splitting the hour into 15-minute, half-hour and one-hour shows, it has developed its very own conventions in dealing with weather reports.

ELABORATE WEATHER
Where radio usually handles climate conditions adequately with a brisk sentence or two at the end of its news reports, TV has developed special weather shows and they last a full five minutes.

Formosan Fruit Undersells Hawaii
HONOLULU (AP)—Hawaii, one of the world's largest producers of pineapple, is being undersold at home by pineapple from Formosa.

A No. 2 can of sliced Formosan smooth cayenne pineapple, the same variety that grows in Hawaii, sells in local stores for 23 cents. The same size can of Hawaiian pineapple sells for 37 cents.

The Pine Review, publication of the pineapple companies of Hawaii, said Formosan farm and cannery workers get 30 cents a day, compared with \$12 a day plus fringe benefits for Hawaiian plantation workers.

The publication said Formosan cannery workers operate Australian-made slicers bought with U.S. foreign aid dollars.

Formosa ships pineapple to the east coast of the United States for \$28 a ton while Hawaii must pay \$34.16 a ton to the same destination, it said.

For shipments to Europe, Formosa pays \$25 a ton, Hawaii pays \$35, the publication said.

what is it doing now and what will it be like tomorrow?

But TV has gussied up weather reports with charts, chalk-talks, pretty girls, selections from almanacs and reminders of important dates in history, discussions of high pressure systems moving down and low pressure systems moving up and a sampling of temperature highs and lows all over the country.

Why? So the station can sell a five-minute weather show package to sponsors, that's why.

STEEL ORDERS KEEP COMING
NEW YORK (AP)—A slight upturn in hopes for steel labor peace this summer hasn't slowed the recent brisk ordering pace of major steel users, the Iron Age said today.

The metalworking magazine and other observers have credited stepped up demand in part to inventory building as a hedge against a strike.

Nationwide steel production, rising a third time in a row, last week pushed to 2,341,000 ingot tons, the highest in 21 months and about 80 per cent of estimated capacity.

The wage contract between major steel firms and the United Steel Workers Union expires June 30, and a strike at that time has been feared widely.

However, persistent reports have circulated lately to the effect that management and union representatives, at Kennedy administration prodding, were making headway in spade work on impending negotiations to replace the expiring pact.

Wife Gets Paid Nursing Husband
ANNAPOLIS, Md. (AP)—The wife of an injured man who provides nursing care for him is entitled to payment for performing the service under Maryland's Workmen's Compensation Law, the State's Court of Appeals has ruled.

The unprecedented case was decided Tuesday by the court, which directed that Albert L. Barkdoll of State Line, Pa., a small community between Hagerstown, Md. and Greencastle, Pa., was entitled to continued nursing services beyond normal compensation.

Barkdoll's arms were amputated following a 1951 accident while in the employ of the A. G. Crunkleton Electric Co. of Greencastle. Since then he has collected nearly \$33,000 in compensation and medical expenses.

The Appeals Court said Barkdoll's wife is unable to leave her husband unattended and accept other work and is entitled to nursing services that are "extraordinary, unusual and clearly beyond the usual call of any marital obligation."

MAN HELD FOR QUESTIONING IN SLAYING
CHAMBERSBURG, Pa. (AP)—State police were holding a government employee today for questioning in the slaying of a woman found Sunday in a creek near Pittsburgh and tentatively identified as his wife.

Donald D. Carroll, 29, was arrested by state police Tuesday night at a hotel here. He was to be questioned today by Allegheny County detectives.

Police said Carroll is employed by the government and was on a temporary assignment at the U.S. Army Ordnance Depot at nearby Letterkenny.

Chief Det. James V. Destout of Allegheny County said the victim tentatively was identified as Mrs. Gertrude Carroll, 29, of Moon Township, near Pittsburgh.

2 HOLES IN HEAD
Her body, with two bullet holes in the back of the head and wrapped in blankets, was found by two youths in Montour Creek in Robinson Township.

Destout said bloody bed clothes and a bloody mattress were found in the Carroll home. A warrant for Carroll then was issued, he said.

Meanwhile, the Pittsburgh Post-Gazette said it was told in a telephone conversation with Carroll's mother, Mrs. Irene Carroll of Magnolia, N.J., that her son arrived with his three children at her home last Friday and that he left alone Monday.

She said the children, Donald Jr., 6; Michael, 4; and Diana, 3, are still with her.

WATCHED 3 CHILDREN
Mrs. Anna Prekop, a Moon Twp. neighbor of the Carroll family, told newsmen Carroll appeared at her house Wednesday, and asked her to watch the three children. Carroll left the children with her only a few hours, she said.

Another neighbor, Glenn Caulfield, 24, said Carroll and the children were at his home Thursday and again Friday. He said Carroll left with the children Friday and said he was going to his mother's home.

DEDICATE NEW ABBOTTSTOWN POST OFFICE
ABBOTTSTOWN — Mark J. Owens, field service representative of the Post Office Department, with offices in Harrisburg, spoke for the department at the dedication of the new post office Saturday afternoon. Attorney William W. Hafer, Hanover, having been born in Abbottstown, represented the community and spoke on the subject "What's In It For Me?"

He described the selfish attitude, represented by the title, which causes so many to act from a position of self-interest rather than self-dedication. He traced the history of the local post office since its establishment in 1796 to the present time.

Congressman George A. Goodling spoke of the long history of communication between persons from the use of clay and bronze tablets in the ancient world, through the pony express down to the present time.

CHEAPER COAL MINING SEEN
PITTSBURGH (AP)—New automatic coal-mining machinery may cut the costs of producing coal considerably in the next two or three years, a leading manufacturer says.

William L. Wearly, president of Joy Manufacturing Co., the world's largest producer of coal mining machinery, told an annual stockholders' meeting Tuesday that new equipment either planned or already in production can help the coal industry to capture a larger share of the energy market by lowering costs.

In certain highly mechanized mines, the direct operating cost of mining a ton of coal can be slashed from the 1960 figure of 2.94 a ton to \$1.63 by 1970, he said.

Noting a 25 to 30 per cent increase in orders for Joy-produced mining machinery in the last four months, Wearly said the coal industry's capital spending has turned upward after a four-year decline.

He predicted a steady rise in coal production in the next three years. Coal production this year, he said, should reach 420 million tons, 10 million more than last year's estimate.

Flyers Are Taught Foreign Languages
COLUMBUS, Ohio (AP)—Lessons in French, German, Italian, Spanish and Japanese are being repeated over a loudspeaker periodically each day in the Intelligence Division of the 301st Bombardment Wing at Lockbourne Air Force Base.

Lt. Col. W. L. Stevenson, division chief, says it's intended to teach the men language phrases useful when they serve overseas. By learning language characteristics now, he thinks they will find it easier to learn the tongue of the nation in which they serve. Eventually the program is to be expanded to include teaching selected phrases to combat aircrews for use in emergency situations in foreign lands, Stevenson says.

Canners Finish Strong To Lace Warriors 54-34; Local Reserves Triumph

Paced by the quick, sure shooting of Bill Sanni and Tom Hoffman, the Canners of Biglerville High School bounced the Gettysburg Warriors 54-34 Tuesday night on the Canners' floor before a large crowd.

The victory moved Biglerville out of the cellar of the South Penn League as the first half of the season came to a close. The Canners racked up a 1-3 first half slate while George Forney's Warriors finished 0-4 and are 1-10 on the year, losing their last eight games. Biglerville sports a 517 mark.

The first half was a nip-and-tuck affair with Biglerville holding a slim 15-13 margin at intermission. Bernie Thrush's Canners then broke loose in the third period, led by Hoffman, and increased the margin to 29-22 going into the final stanza. The last period saw Biglerville rip the cords for 25 counters while the Warriors netted 12.

Sanni started the scoring in the game with a foul shot and

a corner jump and that was the last time the Warriors came close to the lead as the score stood 16-16. Hoffman landed a foul and corner jump and Zeigler tapped in a rebound. The Canners then exploded as Hoffman rammed through five tallies and Sanni added three more to give the Canners a 27-18 lead with 1:10 remaining in the third stanza. Crist scored two more goals for the visitors while Bob Bream hit from the corner for Biglerville.

CANNERS PULL AWAY
Biglerville steadily increased its lead throughout the final quarter. Sanni, Hoffman and Beatty took care of the two pointers for Biglerville while Garretson scored from the foul line. Gettysburg's two-pointers came on a flurry of shots by Crist, McClellan, Duane, Nelson and Dettinburn.

Crist was the big gun for the Warriors as he ripped the cords for 15 counters. Bill Sanni and Tom Hoffman paced the winners with 17 and 13 tallies respectively. A superb second half performance by Jim Newman preserved a 17-5 halftime lead and gave the Gettysburg junior varsity a thrilling 34-31 decision in the preliminary contest. Trailing by 12 points going into the second half, the Little Canners put on a desperate

show, but Newman's hustle and clutch scoring provided the margin of victory. Another fine second performance was turned in by Biglerville's Leroy Wetzel who tallied but two points in the first two frames and came back to account for 15 points in the second half. Newman also scored two of his 12 counters in the first half.

DELONE HERE FRIDAY
Coach George Forney's squad will attempt to snap its losing streak Friday night when it plays host to the Delone Squires. Delone defeated the Warriors 65-42 in the first meeting.

Biglerville will be back in action Friday night when it hits the road for an engagement at Perry Joint.

Lewicki's Clutch Goal Beats Bears

By THE ASSOCIATED PRESS
Veteran Danny Lewicki of the Quebec Aces, one of the few active hockey players who have scored 100 or more goals in both the American and National Hockey Leagues is an old hand at col-

lecting clutch goals.

The 30-year-old left winger, in his 12th professional season, produced the tying and the winning goals as the Quebec Aces edged the Hershey Bears 5-4 in overtime Tuesday night. It was the only game scheduled.

Lewicki notched the winning goal at 2:02 of the extra stanza, his powerful shot eluding Hershey goalie Bobby Perreault. Dangerous Dan, who also has seen service with Pittsburgh and Buffalo in the AHL and Toronto, New York and Chicago in the NHL, garnered the equalizer midway in the third period.

The victory enabled the Aces to move within two points of the third-place Providence Reds in the Eastern Division. Hershey is second in the east, five points ahead of Providence.

Giants Lose Out In Cold By 11-1

SAN FRANCISCO (AP)—San Francisco morning newspapers headlined today: "Giants lose, 11-1."

The story behind the baseball season banner: A jury of 10 women and two men voted 11-1 Tuesday that the Giants were guilty of breach of warranty.

Attorney Melvin Belli was awarded \$1,597 in damages, the price he paid for boxes at breezy Candlestick Park for the 1960 season. Belli's suit charged the Giants had advertised boxes with radiant heat but he said he "found the seats uninhabitable" because

EX-JETS LEAD PACE TO WIN

By THE ASSOCIATED PRESS
A couple of players whose best efforts couldn't keep the Los Angeles Jets in the American Basketball League apparently are just what a couple of the surviving clubs needed.

Bill Spivey and Dan Swartz, assigned to the Hawaii Chiefs and New York Tapers after the Los Angeles club gave up for lack of attendance, made notably successful debuts with their new teams Tuesday night. Each led the way to his team's first victory of the second half of the ABL season.

Swartz teamed up with another New York newcomer, Roger Taylor, and paced the Tapers to a 129-123 victory over the Pittsburgh Rens at Comstock, N.Y. Swartz scored 31 points and Taylor, acquired from Cleveland for Bob Keller, dropped in 27 as the Tapers outscored the Rens in each of the first three quarters. Connie Hawkins, as usual, led the Rens with 41 points.

Spivey spurred the Chiefs in a strong finish that brought a 106-100 decision over Cleveland in Honolulu.

They were so cold.

The Giants said they planned to appeal.

Latin Allies Deadlocked On Action Against Castro

By WILLIAM L. RYAN
PUNTA DEL ESTE, Uruguay, (AP)—The United States fought an uphill battle Tuesday in an effort to convince its big Latin-American allies to close ranks against the threat of Castro communism and give the Alliance for Progress program a chance to cure the hemisphere's dangerous economic ills.

President Kennedy's team faced an array of conflicting fears and aspirations that produced at least a temporary deadlock on what to do about Cuban Prime Minister Fidel Castro's regime. The United States apparently abandoned any hope of unanimity of the 20 nations on strong collective anti-Castro punishment and sought to salvage at least a forthright major condemnation of the Cuban Communist regime.

HAVE DIFFERENCES

The deadlock involved sharp differences of approach between big Latin-American nations advocating a soft policy toward Cuba and smaller ones feeling Castro pressure acutely and anxious for quick, positive action.

The impasse plunged the foreign ministers of the Organization of American States into complex quarrels that clearly threatened hemispheric unity. However, hopes were expressed that the broad differences of opinion would be glossed over by some compromise formula.

At Brazil's urging, Tuesday's formal sessions were pushed back until 8 p.m. to permit another round of hotel room bargaining. The Brazilian and Argentine delegations arranged a number of ses-

sions in the hope a steady exchange of ideas would bring a meeting of minds, particularly with the smaller nations urging strong action against Cuba.

CUBANS CONFIDENT

As others wrangled, the Cubans remained in the background, more and more confident they would emerge from the meeting unpunished.

In Havana, Castro predicted failure for the conference. He declared in a TV speech Monday night that Cuba would never accept "sanctions or condemning declarations" from the Inter-American conference. He asserted that any anti-Cuban action taken by the OAS might be a spark igniting revolutions throughout the hemisphere.

The spotlight here focused on Argentina and Brazil, Latin America's largest, most powerful nations.

SEEK COMPROMISE

Argentina seemed to be gaining more support for a compromise formula envisioning denunciation of Castro but short of such mandatory collective punishment as the rupture of diplomatic and economic relations.

Evidently attempting to salvage at least a minimum objective, the United States quietly placed its authority behind the Argentine approach. Anything less than condemnation of Cuba would dim President Kennedy's chances of getting the initial \$3-billion appropriation he seeks from Congress for the Alliance for Progress.

DEFEAT OWN PURPOSE

The Brazilians doggedly sought

CALL HEARING FOR READING TO CURB SERVICE

HARRISBURG (AP)—New hearings are scheduled Feb. 7, 8, and 9 in Philadelphia on a proposal by the Reading Co. to curtail and revamp passenger, mail and baggage train service, starting Oct. 1.

The Public Utility Commission set the new dates Monday. The hearings originally scheduled for last week had to be called off because of the illness of one of the company's attorneys.

Reading is seeking permission to discontinue a number of trips between Philadelphia and Reading, Pottsville and Bethlehem and to abandon its one remaining

backing for the notion that the OAS would defeat its own purposes and drive Cuba irrevocably into the Soviet camp unless the Castro regime is given a chance to assume an entirely neutralist position in inter-American affairs.

Haiti dealt a stiff blow to hopes for penalties against Cuba. Any action requires a two-thirds majority—14 of the 21 members. As one of the 13 OAS members which has broken ties with Cuba, Haiti was counted on to back strong action.

Haiti suddenly switched to the side of such big nations as Argentina, Brazil, Mexico and Chile in advocating a soft approach. On the other side, Guatemala, an advocate of strong penalties, threatened to walk out the conference if Cuba gets nothing more than a reprimand. The five other Central American nations were reported in a like mood.

GET NEW DATA IN PROBE OF CENSORSHIP

By G. MILTON KELLY
WASHINGTON (AP)—Senate investigators, opening their investigation into charges the Pentagon muzzles anti-Communist speeches by military officers, disclosed Tuesday they have obtained evidence Secretary of Defense Robert S. McNamara declined to give them.

The evidence: the identity of censors who blue-penciled specific speeches.

The disclosure came as the special Senate Armed Services subcommittee called Adm. Arleigh A. Burke, former chief of naval operations, as leadoff witness in what could be long and stormy hearings.

Sen. Strom Thurmond, D-S.C., a subcommittee member and the man whose accusations set off the inquiry, confirmed that the subcommittee had the evidence. McNamara had declined public-

train between Harrisburg and Allentown and another between Pottsville and Shamokin.

SLASH SERVICE

In addition, it wants to drop all baggage: newspapers, illustrated newspaper supplements and remains of deceased persons.

The railroad says it must curtail service because the Post Office Department and Railway Express are diverting mail and express to highway transportation. This loss of business will cost Reading an estimated \$2.5 million a year, railroad officials told the PUC.

Reading said the trains it wants to drop are lightly patronized by passengers, with mail, express and baggage being the main source of revenue.

Before last week's hearings were postponed, a number of witnesses who appeared were allowed to testify. One of them was G. Richard Dew, general manager of the Pennsylvania Newspaper Publishers Association, who said the train changes have "disturbed many of our members and will cause inconvenience to some because of inability to deliver newspapers to nearby points."

The railroad, however, has said it hopes to work out plans for adequate substitute newspaper hauling service.

Oh, MY ACHING BACK

Now! You can get the fast relief you need from nagging backache, headache and muscular aches and pains that often cause restless nights and miserable tired-out days. When these discomforts come or with over-exertion or stress and strain, you want relief—want it fast! Another disturbance may be mild bladder irritation following wrong food and drink—often setting up a restless uncomfortable feeling. Don't's Pills work fast in 3 separate ways: 1. by a speedy pain-relieving action to ease torment of nagging backache, headache, muscular aches and pains; 2. by a soothing effect on bladder irritation; 3. by mild diuretic action tending to increase output of the 15 million of kidney tubes. Enjoy a good night's sleep and the same happy relief millions have for over 60 years. Large, economy size saves money. Get Don's Pills today!

ly to tell which Defense Department censors made changes in the prepared texts of military men's speeches. He based his refusal on a contention that as Pentagon chief he alone should bear the responsibility.

McNamara did provide a list of the names of 14 censors, without disclosing which had handled specific speeches. Thurmond said subcommittee investigators had obtained that information by checking with the censors themselves.

Thurmond said it seems "they were merely carrying out orders." He said some of them would be witnesses at later hearings.

Thurmond set off the investigation with a series of Senate talks charging that anti-Communist phrases had been stricken from many speeches by censors.

PRESIDENTIAL ACTION

Thurmond told a reporter in advance of the hearings: "I think the President should have taken action before now to stop this muzzling. I don't mean just the Kennedy administration—this practice goes back through several administrations. But this (censoring) has been stepped up in this administration."

McNamara maintains there has been no muzzling and that the editing of prepared speeches of military men was designed to keep their public views in line with national policy.

REPUBLICANS HAVE TROUBLE RAISING FUNDS

By JACK BELL

WASHINGTON (AP)—Hard-pressed Republicans are facing what some of them fear may be a near financial flop in their Feb. 1 across-the-nation fund raising spectacular.

Because of this there is grumbling behind the scenes about what organization Republicans contend is a continuing effort to tap wealthy Easter contributors for funds to help former Vice President Richard M. Nixon in his race for governor of California.

Some of these Republicans thought they had detected a new touch in invitations sent out by Eugene McGovern, Long Island contractor, for a luncheon with Nixon at the Waldorf-Astoria.

NOT RAISING FUNDS

But McGovern, who served in the Navy with Nixon during World War II, said in a telephone interview it was "just a sentimental occasion." McGovern, who worked with the Nixon-Lodge volunteers in New York's Westchester County in 1960, denied there was any thought of raising funds for Nixon's campaign.

However, Republicans charged with raising funds for this year's congressional and senatorial campaigns feel that too many trips

are being made to the usually reliable wells of party contributions. They have had to revise downward their hopes they might net \$500,000 or more from the closed-circuit television appearances Feb. 1 of Nixon, former President Dwight D. Eisenhower, Gov. Nelson A. Rockefeller of New York and Sen. Barry Goldwater, R-Ariz.

Because they have had to put up about \$250,000 to bring off the closed-circuit deal, some of them feel they may be lucky to net \$300,000.

SERIOUS DROP

This is a far cry from the \$1 million or more they used to bank when Eisenhower was president. It compares with the \$550,000 the Democrats took home from President Kennedy's inaugural anniversary dinner here Saturday night.

As some party leaders now view it, they may have to depend on a Cleveland dinner, at which Goldwater will speak, and a Washington affair for their largest share of receipts.

National Chairman William E.

Miller will serve as master of ceremonies at the Washington dinner. It will be held in a hotel with a seating capacity of about 1,300 persons, compared with the 6,000 the Democrats crammed into an armory for Kennedy's second-year sendoff.

The GOP sponsors weren't successful in lining up a big-time dinner in New York, so Rockefeller will speak in Des Moines, Iowa.

LOS ANGELES (AP)—Mickey Cohen, minus his freedom, is minus his furniture, too.

Internal Revenue agents confiscated it from a warehouse and auctioned it Monday to help pay a \$400,000 debt the government says Cohen owes for back income taxes. The sale raised \$2,000.

The onetime West Coast gambling figure is in jail awaiting results of another appeal of his conviction for income tax evasion.

ACTIVITIES FOR
BOY SCOUT WK.
ARE PLANNED

Special activities in observance of National Boy Scout Week were planned at a meeting of the officials and den mothers of Cub Pack 84 held at the Community Center on Monday evening. Cubmaster Alvah L. Stonesifer Jr., presided and the following den mothers were in attendance: Mrs. Robert R. Reinaman, Mrs. Reid Pittenturf, Mrs. Richard Sentz, Mrs. Glenn E. Ohler, Mrs. Bernard Wolf, Mrs. Denton Barnhart, Mrs. Luther W. Ritter, Mrs. Clair Bowers, Mrs. Robert Morgret, Mrs. Junior T. Bittle, and Mrs. Wayne Bowman.

The group planned the menu and the program for the annual Blue and Gold Dinner for Cubs and their families on Monday, February 12 at 6:30 p.m. in the all-purpose room of the Rolling Acres Elementary School. Following the meal, awards will be presented, new Cubs will be inducted into the pack, and boys will be graduated to Scouting. Boys desiring to join the pack who will be eight years of age by the end of next month should secure application blanks from the Cubmaster or a den mother. The filled-in application must be handed in to Cubmaster Stonesifer no later than this Sunday.

WINDOW DISPLAY

In observance of Boy Scout Week, Pack 84 will arrange a display in the show window at the John L. Redding Barber Shop, S. Queen St. On Saturday, February 10, from 12 noon to 3 p.m., there will be a live demonstration on pack projects by the den mothers and Cubs in the show window at the R. J. Stonesifer Store, S. Queen St.

The Cubs will go to church on Scout Sunday, February 11. The Protestant Cubs will go to the 10:15 a.m. worship service in St. John's Lutheran Church, meeting at 10 o'clock at the church. The Catholic Scouts will attend the 7:30 a.m. Mass in St. Aloysius Church, in uniform.

The next planning session of the officials and den mothers will be held Monday, February 26, at 8 p.m. at the home of Mrs. Robert Morgret, Prince St. There will be a discussion on possible improvements to be made at the Cub Scout room at the Community Center.

OFFICERS INSTALLED

The newly-elected officers of the Women's Guild of Redeemer's United Church of Christ were installed and assumed their duties at the January meeting held Monday evening in the church social hall. Rev. Glenn Flinchbaugh, pastor, installed the following: President, Mrs. Glenn Flinchbaugh; vice president, Mrs. Theron W. Spangler; secretary, Mrs. William I. Straley; treasurer, Miss Malva A. Dutta.

The program was in charge of the stewardship chairman, Mrs. Elmer W. Gall, and included: Opening thought, Mrs. Robert H. Miller; group singing, accompanied by Mrs. George A. Stonesifer; scripture, Mrs. Carroll Doder; Lord's Prayer in unison; hymn; program theme on stewardship, "Mirrored Reflections," introduced by Mrs. Gall; reading on youth stewardship, "Vocation or Vacation," Miss Jane Claiborn; reading, "November, The Middle," Mrs. Miller; offertory prayer, Mrs. Doder.

Mrs. Gall spoke to the group on the annual synodical stewardship contest, listing the rules and regulations. Persons, in various age groups, wishing to submit essays, poems, posters or hymns for the contest judging, should contact Mrs. Gall for further details. Mrs. Spangler announced that the annual guild conference will be held at Hood College, Frederick, July 10-13. A letter of appreciation for the fall donation of used clothing to the Winnebago Indians was read from the Winnebago Benevolent Corporation by Mrs. Straley. Mrs. Samuel H. Higginbotham was named pianist and Mrs. George C. DeHoff, her assistant, for the regular meetings. During the social hour refreshments were served by Mrs. Gall and her committee.

The next regular meeting of the guild will be held Monday, February 26, at 7:30 p.m. at the church. Mrs. John W. LeGore, Christian Education Department chairman, will be in charge of the program on the theme "The Church of the Living God."

To Open Season
With Doubleheader

RICHMOND, Va. (AP) — The Richmond Virginians will open their International League baseball season here Wednesday, April 25, with a day-night doubleheader—at single-game prices.

"In reply to charges that baseball hasn't done anything different in 40 years, this certainly is one move which is not only different but which is accommodating to the fans," said Jerry Waring, general manager of the New York Yankees' triple-A farm club.

After taking a 6-5 lead in the first period, the Gettysburg Junior High cagers fell behind 16-11 at half time and never caught up as they dropped a hard fought 29-25 decision to Faust of Chambersburg here Tuesday evening in a South Penn Junior High League game.

The Braves (2-3) were far off their usual game, netting but 10 of 36 shots from the field. Coach Carl Schoenborn's outfit, pulled up to within 22-19 at the end of the third period and closed to within two points in the final period but were forced to go into a full-court press which resulted in the visitors landing a pair of fouls to wrap up the verdict.

Mike Krick netted eight points for Gettysburg while Dave Eiters led the Tigers with 10.

Don Bickel's reserves breezed to an easy 35-12 triumph in the preliminary, holding their opponents to a single goal by Hartman in the opening half for a 13-2 lead. Dennis Herring and Kit Richardson each bagged three goals to lead the 17-point third period to clinch the jayvees' third win in five games.

On Friday the Braves play at Washington Twp. in another S-P twin bill.

foreign ministers and then to the Central American delegations for their concurrence before its introduction before the conference.

A Chilean spokesman reported all differences within the outer seven had been resolved but declined to give details. It was understood the proposal would draw a difference between the Cuban government and Cuba as a nation because Brazil and some other nations contend Cuba is still geographically in the American family and cannot be read out of the organization.

Few if any delegates looked for any change in Cuban policies as a result of the conference's action, and Cuban delegates scoffed at the idea of the Havana regime being shelved in the OAS.

"We just do not care about that trash," said a member of Castro's delegation.

Any action taken by the conference unanimously is certain to be hailed publicly as a signal victory for the anti-Communist cause. The argument was heard that even holding such a meeting on Cuban subversion would have been politically too risky six months ago, before the Alliance for Progress program was adopted and before Castro publicly embraced Marxism-Leninism.

Privately many observers wonder whether the United States will emerge with a result which could prove worse than nothing.

Cuba already has been excluded from the OAS Defense Committee and deliberations of any other sensitive OAS body. U.S. sources say the proposed quarantine will not exclude the Castro regime from such humanitarian activities as hemispheric health and sanitation consultations. Therefore, while on the record Cuba may be eliminated from OAS bodies, actually nothing will happen which was not the case before.

NAMES GIVEN
TO STREETS IN
BONNEAUVILLE

Bonneauville's borough council, meeting Tuesday evening at the engine house there, gave temporary names to the three streets owned by the borough and made preliminary plans to name all of the town's streets.

The street running past the Catholic War Veterans' post will be called "Vets Rd.," the street past the fire house will be called "Gilbert Ave.," the name given it in a prior deed in honor of Mrs. Gilbert who was the oldest living member of the community at her death several years ago, and "Beck Rd." was the name given to the road leading to the Beck property.

All of the names were tentatively pending the passing of an ordinance which will give names not only to the six-tenths of a mile of street owned by the borough but also to the state roads which form streets through the community.

HANDLING PROBLEMS

James Orndorff was named to handle snow clearance from the borough streets until an arrangement can be made with the Mt. Pleasant Twp. supervisors for snow removal. Plans discussed included the possibility of rental of the township equipment or perhaps a system by which the township workmen would handle the problem and the borough reimburse the township for the work.

Rodney Noel was appointed as Civil Defense director for the borough. Following discussion of the need of a health officer, it was decided to invite Donald Hill of the state Department of Health to meet with the council at its February 27 meeting to discuss the work of health officers.

A resolution was passed calling on the residents of the town to cooperate with engineers scheduled to survey for potential fallout shelters in the county in February.

J. H. Rife, a surveyor, met with the council to discuss the cost of different types of markers to be placed to mark the borough boundaries.

RECALLS OLD DAYS

Master of Ceremonies Weaver recalled "the good old days when we had only two engines, the Brockway and the Boyd, and there was great rivalry as to which would be the first to leave the engine house. I think that was good, even though the Brockway won most of the time." That led to good humored banter from the floor concerning the respective merits of the Brockway and Boyd crews.

The present fire chiefs, Francis I. Linn, Robert Hartman and Charles Kerrigan, were introduced.

Jackie Robinson And Bob Feller Are Elected To Baseball's Hall Of Fame

BOSTON (AP)— Jackie Robinson, first Negro to play in the major leagues today is the first of his race ever elected to baseball's highest honor—its Hall of Fame at Cooperstown, N.Y.

The graying former Brooklyn Dodgers infielder was enshrined Tuesday along with Bob Feller, the quiet farm boy from Iowa who blazed a fast ball through the American League for nearly 20 years.

Both won election to the hall the first time they were eligible, a five-year retirement from baseball being mandatory. It was the first time the Baseball Writers of America had named anyone on their first eligible slot since the original five—Ty Cobb, Babe Ruth, Walter Johnson, Honus Wagner and Christy Mathewson—were named in the first election, in 1936.

Candidates needed 75 per cent of the 160 votes cast. Feller, now an insurance executive in Cleveland, received 150 votes.

FOUR VOTES OVER

Robinson, vice president of a restaurant and coffee company, got 124 votes, four more than the minimum needed.

"It's a once in a lifetime thrill," said Robinson at his Stamford, Conn., home. "It's hard to describe my feelings fully at this time. I am pleased and honored. My family is so excited no one wants to eat."

Feller, typically, was less emotional but nevertheless just as thrilled.

"Naturally, I'm happy about it," he said. "But now it's almost as if I had nothing to look forward to—except going to Cooperstown this summer. I thought I might have to wait longer. Joe DiMaggio had to go around a couple of times. But then maybe the competition was rougher than that."

GOOD GRID PLAYER

Robinson broke baseball's color line in 1947. Branch Rickey, then general manager of the Dodgers, had startled the baseball world the year before when he signed Jackie to a Brooklyn farm contract. Robinson, who had been an outstanding football player for UCLA, was with the Kansas City Monarchs of the Negro American League at the time. He spent one year of seasoning at Montreal, leading the International League in batting and fielding and then joined Brooklyn as a second baseman.

Quiet, hard working and always both an offensive and defensive threat, Robinson flirted with the 300 mark his first two seasons and batted a lousy .342 in 1949 to lead the National League.

FEW ERRORS

His fielding and baserunning always were joys to behold. In one season he committed only seven errors, still the major league record, he participated in 137 double plays that same season, 1951, setting a National League mark.

Jackie was the most feared baserunner around in the decade from the late '40s to the late '50s. Once he stole home in a World Series game.

"I think it was recognition purely on merit," Rickey said of his protege's selection to the Hall of Fame. "It is well deserved."

"I think it also means a lot to our whole country. We are in serious dispute in some of our international relations, and I think this will help a lot. All of our people should be very happy."

Feller was a 17-year-old farm boy who had sharpened his eye by throwing at a bullseye pointed on a barn when he arrived in the majors in 1936. He was what the game needed—a blazing fastball pitcher who packed in the crowds.

THREE NO-HITTERS

Twenty years later—with four years on for Navy service during World War II in his pitching prime—Rapid Robert Feller had compiled 266 victories.

Among those wins were three no-hitters, a dozen one-hitters. Only two other pitchers had three no-hit games. No other ever tossed 12 one-hit jobs.

As exciting as Feller's low-hit games were, his strikeouts were even more dramatic. He struck out 2,581 batters, including 15 in his first major league starting job.

"Feller must be ranked among the top five pitchers I ever faced," says American League President Joe Cronin. "Everybody talked about his fast ball but he had a tremendous curve."

WON 20 SIX TIMES

Six times Feller won 20 or more games. His high came in 19 when he notched 27 triumphs. He set the modern mark of 18 strikeouts in a nine-inning game against Detroit, Oct. 2, 1938, though Sandy Koufax of the Los Angeles Dodgers since has tied the record. Feller's 348 strikeouts in 1946 still stands as a major league mark.

The two baseball greats were the first elected to the Hall of Fame by the writers in their biennial polls since 1956 when Cronin and Hank Greenberg were chosen. Billy Hamilton and Max Carey were elected last year by a special "Old Timers" committee.

REDMEN FROM ST. JOHN WILL BE CONTENDERS

St. John's University, consistently one of the nation's leading independent major college basketball powers, once again seems destined for a postseason tournament bid.

The New York Redmen polished off touring Canisius of Buffalo 81-68 Tuesday night for their fifth straight victory and 11th in 14 games. LeRoy Ellis, St. John's 6-10 center, produced most of the scoring punch with 31 points, 21 in the first half. The swift senior also snared 15 rebounds.

The Redmen have appeared in 15 National Invitation tournaments and three times have been selected for at-large berths in the NCAA championships.

ACTION WAS SPARSE

With most of the schools taking midyear examinations, action was again sparse in college basketball circles Tuesday night. In games involving major teams, Wisconsin outclassed North Dakota State by 102-50, Auburn throttled Georgia Tech 52-40, Virginia Tech subdued Tennessee 83-73, Chicago Loyola rolled over New Orleans Loyola 96-73, Georgia humbled Georgia Southern 70-58, Ohio University whipped Muskingum 83-68, Akron nipped Kent State 71-70, and Tennessee Tech turned back Middle Tennessee 61-53.

Ellis' 31-point scoring output for St. John's, his season's high, gave him a career total of 1,009, and he became the seventh Redman player to reach the 1,000-point mark.

Wisconsin of the Big Ten ended a two-week layoff in boosting its record to 9-3 at the expense of nonleague foe North Dakota State. Ron Jackson, who will be ineligible in the second half of the season, was high for the Badgers, who led at the half 51-27.

SHUFFLE OFFENSE

Auburn's shuffle offense clicked in the second half against Georgia Tech, and the Tigers recorded their ninth victory in 14 outings, a game that does not count in the SEC standings. Auburn overcame a 25-23 halftime disadvantage, while limiting the cold-shooting Yellow Jackets to only 15 points after the intermission. Layton Johns of Auburn garnered scoring honors with 15 points.

Virginia Tech switched successfully from a zone to a man-to-man defense for the third straight game, and the maneuver again worked against Tennessee. The victory was the Gobblers' 29th in a row at home and lifted their record to 9-4. Lee Mclear provided VPT's scoring impetus with 22 points, and Howie Pardue contributed 21 as the Gobblers led at halftime 41-32. Orb Bowling led the Vols with 18.

Chicago Loyola coasted to an easy victory over host New Orleans Loyola, racing to a commanding 61-31 bulge at the half. Jerry Harkness set the scoring tempo for the Chicagoans with 29 points, and sophomores Les Hunter and Vic Rouse chipped in with 24 points apiece. The Ramblers' record is 11-2.

HAD PRACTICE

So he came here early for some practice, and Tuesday finished with a pair of birdies for a one-under-par 70.

"The course was playing very heavy after the rain and snow, but the weather conditions were beautiful," he commented. He added he was putting very nicely compared with his recent work on the greens.

After his San Francisco victory, Player went on to become the first non-U.S. golfer to win the Masters title, and his \$64,540.65 was the highest seasonal winnings for any golfer last year.

Today he will play in the pro-amateur preliminary as the pro set in their final pretournament work.

A field of 149 pros and 10 amateurs are set to compete in the 72-hole tournament over Harding, a municipal course measuring 6,672 yards.

Issues Challenge To Senior Loop

BUFFALO, N.Y. (AP)—Commissioner Joe Foss of the American Football League again has thrown down the gauntlet to the older National Football League.

On the basis of a banner year in signing rookies and improved television money, Foss said the young AFL would be ready for championship contention with the NFL this fall.

"We're ready for a pro championship game with the National Football League right now," Foss said Tuesday. And with another year of competition, he said, the AFL will be equal to the NFL, top to bottom.

*First half titlists
Bermudian Springs and Greencastle clinched the first half championships in the Adams and Franklin Divisions, respectively, of the Adams-Franklin Basketball League by winning decisions Tuesday evening.

Glenn Gruver's Bermudian outfit broke a tie for first place by triumphing at Littletown 60-46, shattering a five-game winning streak of the Thunderbolts. After battling to a 10-10 tie at the end of the first period, Bermudian took command at half time 21-14 and pushed that advantage to 38-24 at the end of three periods. Littletown held a 49-29 margin in rebounding but was outshot from the field with the Eagles netting 21 goals in 48 tries while the Bolts made but 15 of 36. Tom Hardy and Craig Hoke led Bermudian with 23 and 18 points. Fred Snyder, who landed 12 points in the final period, paced Littletown with 21.

Greencastle walloped invading Quincy 91-33 to wrap up the Franklin honors with a perfect 9-0 log.

WIN ON LATE GOAL
Gary Smith's field goal with 30 seconds remaining gave New Oxford a thrilling come-from-behind 57-55 triumph at Fannett-Metal. The Colonials trailed at half time 33-27 and 47-44 going into the final period. The score was tied 55-55 when Smith swished his shot. Mike Hull, Dave Meckley and Smith racked up 15, 14 and 13 points, respectively, for the winners. Bill Baker swished 18 for the Tigers.

Ten Scotland players scored as the Cadets breezed to an easy 64-37 verdict over winless Fairfield on the latter's floor. The Cadets took a 22-7 lead in the first period and were never in trouble. Howard was high man for Scotland with 12 tallies while George Haines and Tom Reinhold tabbed 14 and 12 for Fairfield.

FELLER LIKES TO COACH MORE THAN PLAYING

CLEVELAND, Ohio (AP)—Bob Feller, named to the baseball Hall of Fame at 43, says he gets more fun out of coaching sandlot youngsters than he ever did in his playing days with the Cleveland Indians.

"It's wonderful," Feller said Tuesday after learning he had been elected to the Hall of Fame along with Negro star Jackie Robinson.

"The kids listen to me and I try to help as much as I can. And I stay in some sort of shape by hitting fungos, pitching batting practice and running around a little."

Feller came off a Van Meter, Iowa, farm in 1936 at the age of 17 and pitched his way to baseball greatness with a crackling fast ball and sharp curve.

"I thought I might have to wait longer," said Feller when told he had made the Hall of Fame on his first try.

Feller singled out his father and Cy Slapnicka as forming important influence on his career. It was his dad who taught him baseball on the Iowa farm and it was Slapnicka who signed him and brought him to Cleveland.

Feller said he may have reached the peak of his skills in a game in Philadelphia in 1947. He had struck out nine of the first 10 batters when he slipped off the mound in the fourth inning and tore ligaments in his knee and shoulder. He left the game an inning or two later.

That marked the downgrade as a fastballer for Feller. "It was never quite as easy again," he said.

Claims Internal Troubles Officers Of Upper Adams FFA Chapters

By JAMES MARLOW

WASHINGTON (AP) — Trouble is all around but it's the trouble inside world communism which in the end may affect history most.

Latin America is split on punishing Fidel Castro; African nations are split into rival blocs; France holds aloof from her allies in dealing on Berlin.

Laotian princes can't agree on running their country; Algerians are slaughtering one another; There's guerrilla war in Viet Nam and murder in the Congo.

Communism's trouble — Starting with Russian-Chinese differences on how to handle the West — could, if it got bad enough, shake communism to its roots.

GOOD PREDICTION

In 1947 George Kennan, now ambassador to Yugoslavia but then head of the State Department's planning staff, made a prediction on communism's future.

He was basically right, although proof may have to wait, when he said: Hold the line tight enough long enough around world communism and internal tensions of the system will shake it.

The reasoning had to be based on this kind of understanding of groups and nations, that whenever people get together, so long as they have individual views, problems and ambitions, there will be disagreement, as there is within a family, and perhaps conflict, ranging from mild to terrible.

When nationalism, which preceded communism, is added to this, conflict is inevitable.

Even before the war, when Russia was the only Communist state, there were deadly internal con-

licts. Most memorable were the Stalin-Trotsky split and, in the 1930s, Stalin's bloody purges of old Bolsheviks.

These were signals of what could be expected if communism expanded.

PROBLEMS SIMILAR

After the war Stalin dominated his new acquired European satellites — Red China didn't emerge until 1949 — for more reasons than just his brutal repression.

Communism in the satellites was new, untried, unsure, needing Russian help and protection. Their problems were all more similar than dissimilar.

The blind submission to Russia had to change when: (A) Stalin died and Premier Khrushchev adopted what looked like a milder line; (B) the satellites and Red China began to develop in their own ways, with their own ambitions; (C) their built-in nationalism began to assert itself; and (D) the West confounded Communist theory and belief by becoming enormously prosperous instead of collapsing.

SPECULATION ON CHINA

Speculation on the Russian-Red Chinese differences has centered on Khrushchev's announced belief, real or not, that communism can triumph over capitalism without war.

A much deeper reason, perhaps, is rivalry in Asia and a Chinese belief that Russia has done far too little, economically, industrially and scientifically to help Peiping in its "great leap forward."

That's only one side of the conflict. Apparently there is dissension inside Russia over policy between Khrushchev and the hard-nosed old Stalinists like V. M. Molotov.

Hartman, Biglerville R. 1, vice president of state projects, and Miss Bonnie Funt, 18, daughter of Mr. and Mrs. Charles Funt, Aspers R. 1, parliamentarian. (Times photo)

Officers of the Upper Adams Junior High FFA chapter are, front row, left to right: Miss Linda Kane, 13, daughter of Mr. and Mrs. Russell J. Kane, Arendtsville, president; Miss Gayle Pitzer, 13, daughter of Mr. and Mrs. John Pitzer, Aspers R. 1, vice president; back row, Miss Nancy Constable, 13, daughter of Mr. and Mrs. Earl Constable, Biglerville R. 1, secretary, and Miss Charlene Thompson, 14, daughter of Mr. and Mrs. Robert E. Thompson, Aspers R. 1, treasurer. (Times photo)

In addition there are signs Communist parties are choosing up sides: the Asian parties with Red China, the European ones with Russia, except for Albania, which is Red China's puppy.

On top of all this there seem to be conflicts between the Communist parties in the non-Communist countries, and perhaps even growing pressure within the satellites for more freedom from Russia.

GREAT IRONY

One of the great ironies of our time has been the discussion between this country and Russia on disarmament and a ban on nuclear testing without including Red China. There could be no agreement without her.

It is unthinkable that China, with a population three times greater than that of Russia and the United States, would ever cease trying to become an atomic power equal if not superior to those two.

This is the last thing Russia would want for her Chinese ally. And yet without at least equal power Red China could hardly escape domination by the Soviets.

SPORT NEWS OF 1961 IN PICTURE REVIEW

CONTENDER KAYOED — Sweden's Ingemar Johansson buried his face in ring canvas after taking knockout blow from champion Floyd Patterson in the sixth round of their March heavyweight title bout at Miami Beach. The referee was Billy Regan.

61 FOR '61 — Yankees' Roger Maris, clouting 56th homer, went on to hit 61 during the season. It was highest total ever hit by a major leaguer in a season.

PRO SCORING PUNCH — Green Bay's Paul Hornung (5) dives into end zone to score against Baltimore in October. Hornung, drafted into the Army in midseason, played with Packers on weekends and became National Football League's highest scorer.

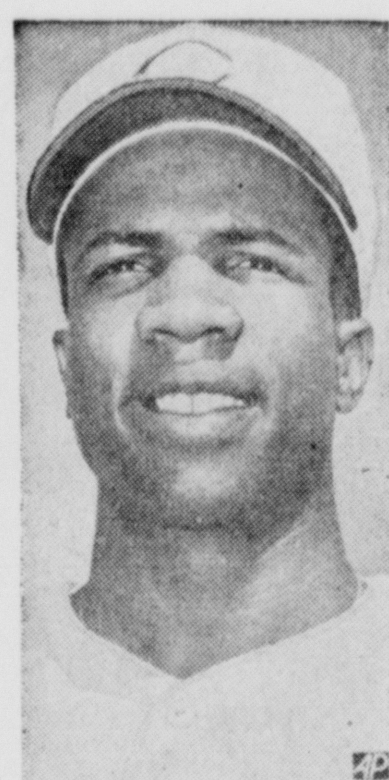

SERIES STEAL — Elio Chacon steals home under Yank catcher Elston Howard in second World Series game to spark only Cincinnati win. Ump is Jocko Conlan.

LEADING RIDER — Johnny Sellers, who piloted Carry Back to victory in the Kentucky Derby and Preakness in 1961, was named the leading rider of the year.

HIGH SOARER — Here's Soviet high jumper Valery Brumel in action. He broke his world record with leap of seven feet, 4 1/4 inches in Bulgarian meet in August.

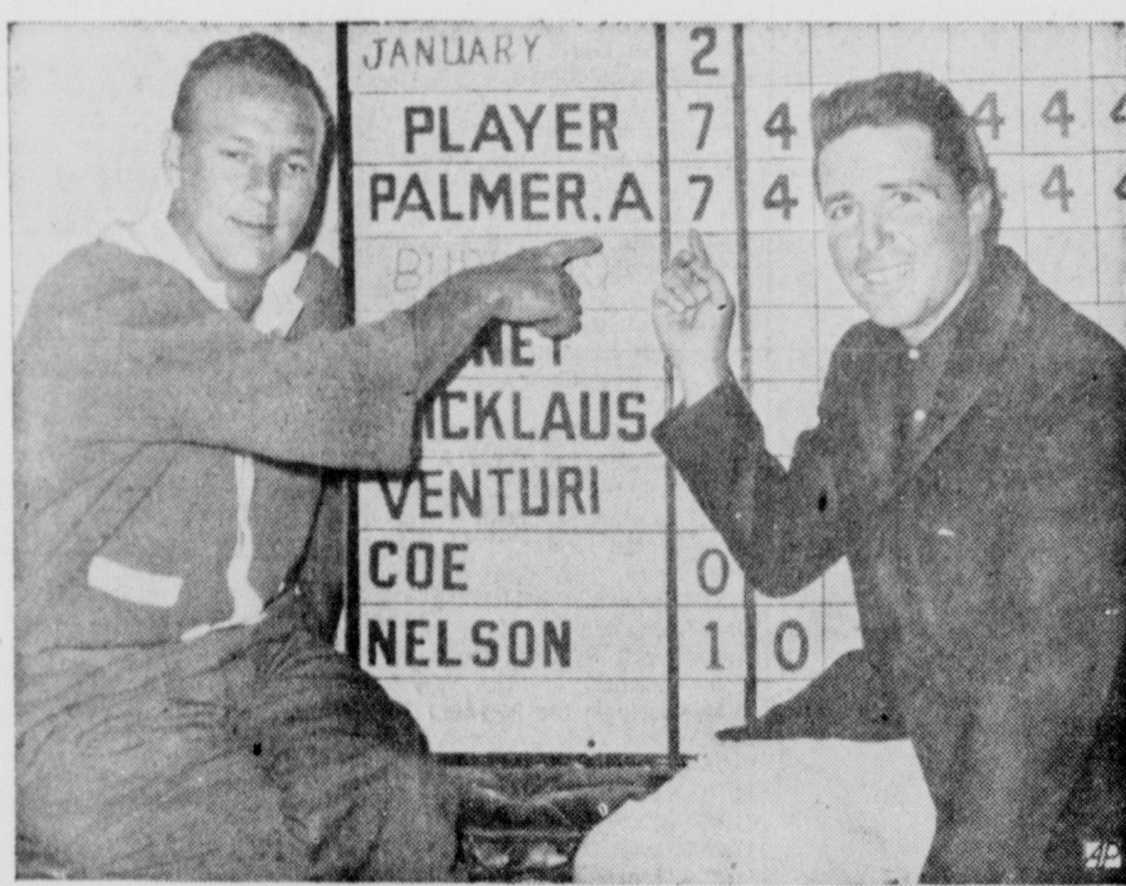

POWER MAN — Frank Robinson, Cincinnati outfielder, is the National League's most valuable player for 1961. He batted .323, hit 37 homers and drove in 124 runs.

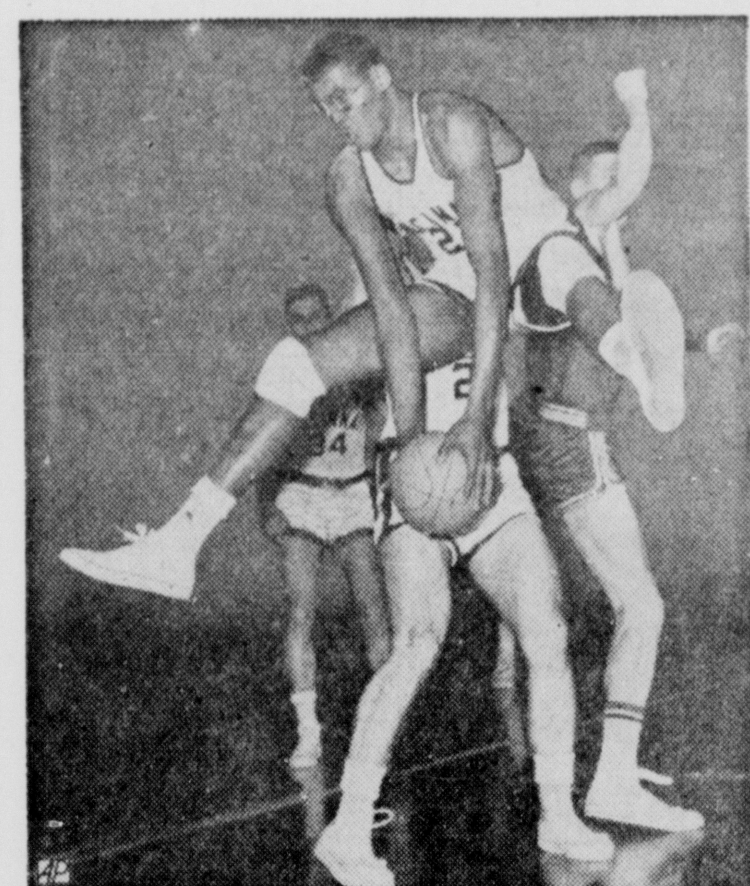

SETS MARK — Donna de Varona, swim champion at 14, set world record in winning National AAU Women's outdoor 400 meter individual medley title in August.

GRID STANDOUT — Ernie Davis, Syracuse All-America back, holds Heisman trophy awarded to him in December as nation's outstanding college football player.

BEST IN PRO GOLF — Arnold Palmer, left, and Gary Player, pro golf's top money winners, check their scores during Masters tourney in Augusta, Ga., in April. Player topped Palmer in the Masters and Arnold turned the tables in the British Open.

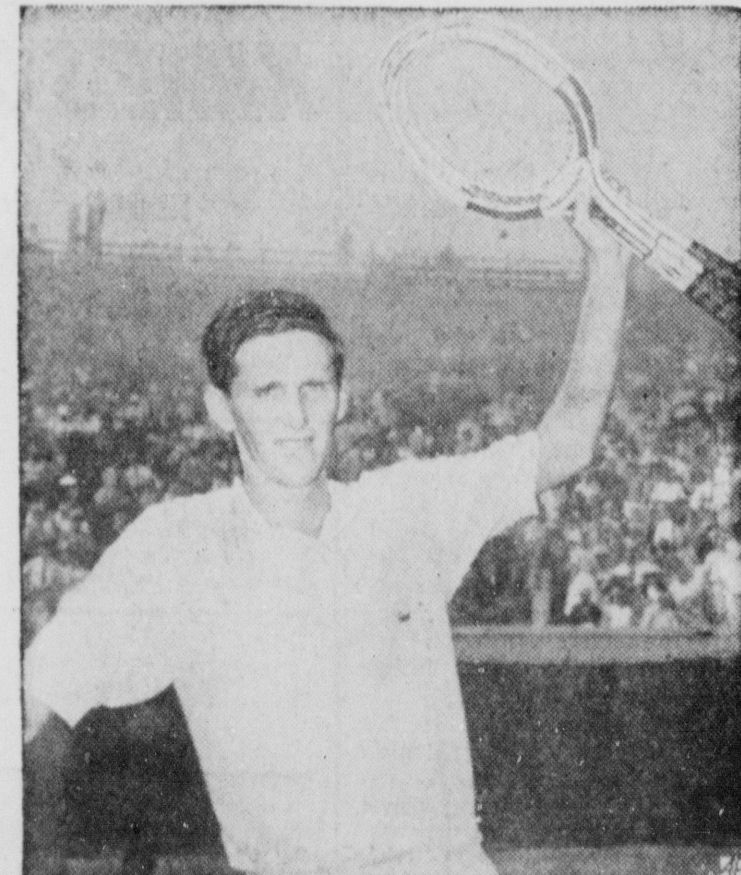

ON THE BALL — Cincinnati's Paul Hogue takes rebound in NCAA title game with unbeaten Ohio State at Kansas City in March. Cincinnati won, 70-65.

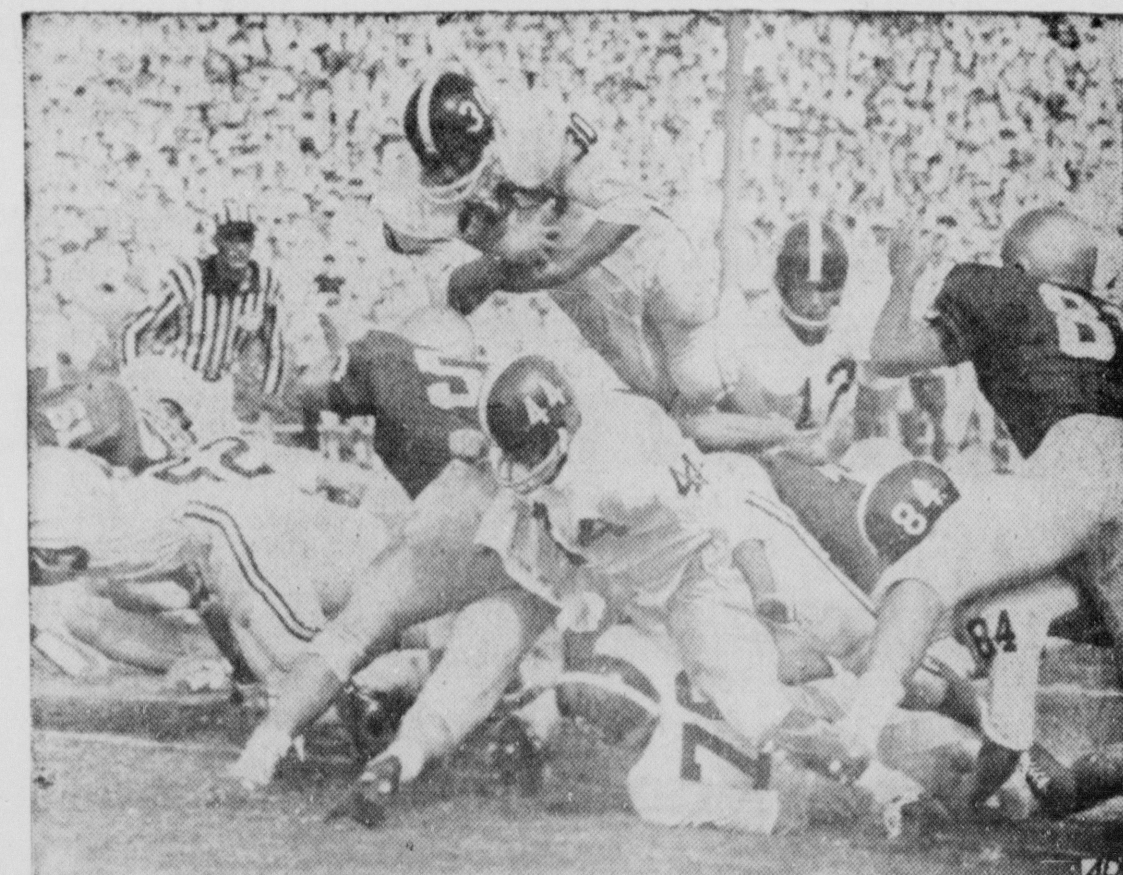

ACE HURLER — Veteran Yankee lefty Whitney Ford led the majors in 1961 with 25 wins. He capped the season by breaking Babe Ruth's World Series pitching mark.

RUN FOR THE ROSES — Carry Back (10), piloted by Johnny Sellers, beats Crozier to the finish line by three-quarters of a length to win 87th running of the Kentucky Derby at Churchill Downs. Carry Back is the top three-year-old of the year.

TOPS IN TENNIS — Australia's Roy Emerson raises his racquets after beating Rod Laver for U. S. men's singles crown at Forest Hills, N. Y., in September.

ROLLING TO VICTORY — Alabama's Mike Fracchia scores against Georgia in September game at Athens. Alabama won its season opener, 32-6, and went on to complete unbeaten season to win honors as the top college football team in the nation.

SEE BAD ROW BETWEEN TWO RED COUNTRIES

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The row between Russia and Red China over Communist strategy for communizing the world has become so intensive neither the Soviet nor the Chinese leaders have the power to put an end to it.

U.S. officials said that the dispute could lead to an outright split between the two huge Communist powers although they do not think this is at all probable, at least in the foreseeable future.

What they do expect is a continuation of the bitter argument which has produced a sharp ideological division between Moscow and Peking with a steady but slow worsening of relations between the two Communist governments.

SIT IT OUT

The U.S. policy toward this cold war within the Red bloc is to sit by and see what happens; officials feel that any open effort to exploit the Communist differences would probably backfire.

Evidence is found in a Moscow broadcast to China last week that the Soviet leaders may now be trying to reach over the heads of the Red Chinese leaders and persuade the Chinese rank and file Communists that Soviet policy is right.

The broadcast, made in the classical Mandarin Chinese which is widely understood in China, demanded in effect that Communists everywhere recognize the primary position of the Soviet Communist party in leading the Red international movement.

EDITORIAL INTEREST

Considerable interest also was aroused here in an editorial from the Chinese Communist newspaper Peoples Daily that made a bitter attack on President Kennedy's State of the Union message.

Among other things the editorial indicated that the Chinese Reds are building up a new anti-American campaign—at a time when Soviet Premier Khrushchev still is talking about peaceful co-existence with the Western powers.

Kennedy has put his stakes on a split of the Socialist camp," the editorial said. "He and his ilk gloated over the dark clouds that temporarily overcast the Socialist camp; they openly indicated that the prospects were more encouraging than previously to the Western world."

UNSURE OF DARKNESS

What intrigued the government experts was the admission that "dark clouds temporarily over-

cast the Socialist camp." Just how dark they are is something that even the best informed men in the U.S. government are unsure of.

But the tendency in official quarters here is to discourage any hope of any real weakening in the Communist bloc or any early gain for the rest of the world from the dispute.

The reason is that Moscow and Peking are really arguing about the best way to try to bring the rest of the world under control.

LIBERACE HAS PARTY IN NEW \$275,000 HOME

By JAMES BACON

AP Movie-TV Writer

HOLLYWOOD (AP)—Liberace tossed a party Tuesday night to show off his \$275,000 Hollywood Hills home, a symphony in gold that he will live in just five weeks a year.

The mansion, off Queen's Road above the Sunset Strip, is so big that even the rooms have rooms. Liberace said so far he has counted 29 rooms in the 32-year-old house, whose former owners included Ann Harding and Rudy Vallee.

The pianist traded a \$100,000 apartment house for it. "When I moved in," Liberace said, "the decor was early Gloria Swanson so I spent \$175,000 redecorating."

The result is a miniature Versailles, done in French provincial style.

"I saved some money by building the living room valances myself," he said. He also built a French provincial china closet.

"I'm away on concert tours 47 weeks a year, so I don't have time to build anything else myself," he said.

The house has five pianos but, unlike his Sherman Oaks house, the swimming pool is a normal rectangle.

"No more piano-shaped pools," said Liberace. "Every time I felt like a swim, the pool was out of tune."

There is a hi-fi set built into an antique harpsichord, reminiscent of the old Liberace. Theme of the decor is elegance. The color scheme is gold—gold on white, gold on black and gold on gold.

The Sikh faith, an offshoot of Hinduism, originated in the 15th Century. It was founded by the Punjabi religious scholar Nanak, who was born in 1469 near Lahore. The first known public performance of "God Save the Queen" was in 1745 at London's Drury Lane Theater.

Eastern, American Airlines Announce Plans For Merger

NEW YORK (AP)—American Airlines and Eastern Air Lines will combine into the nation's biggest system if stockholder and government approval is forthcoming.

They announced plans Tuesday to merge.

The consolidated line would be called American Airlines, erasing the name of the pioneer Eastern Air Lines from the roster of American carriers.

The proposal to create a system with \$900 million in assets, 39,000 employees and 400 aircraft will be submitted to stockholders of both companies and the Civil Aeronautics Board.

The board, which has generally encouraged mergers, had no immediate comment.

RICKENBACKER MAY STAY
There was no mention in the announcement of Eddie Rickenbacker, 71, famed World War I air ace who is chairman of the board and chairman of the executive committee of Eastern.

An Eastern Air Lines spokesman said only that Rickenbacker would continue to hold those posts as long as Eastern remained an entity.

The merger would be another

step in the quickening scramble to tie together competing transportation lines in an effort to pull out of a financial morass.

United Air Lines and heavily-indebted Capital Airlines merged last May, making United the biggest of the domestic carriers. On the rail front, the New York Central and Pennsylvania systems agreed last week to merge. Other proposed combinations are being pushed.

The 11 trunk air carriers lost an aggregate of about \$30 million in 1961. Eastern went deeply in the red while American earned \$6.8 million.

STRONGER SYSTEM

C. R. Smith, president of American, and Malcolm A. MacIntyre, president of Eastern, jointly announced that the aim of the merger was to provide a stronger system "which can survive today's financial crisis, meet its obligations to the public and cope with the technological demands of the future."

They estimated savings of \$50 million a year could be effected by eliminating duplicating flights and other services and by better utilization of equipment and facilities.

Smith would be chairman and chief executive officer of the Eastern-American combine with MacIntyre president and second in executive authority.

5-YEAR WARRANTS

The merger terms provide that Eastern stockholders would receive for each Eastern share held 1.3 shares of American, plus warrants good for five years to purchase an additional one-third share of American at \$28 a share.

American, now No. 2 in size behind United, basically is a transcontinental line but also serves points in the Midwest, border, middle Atlantic and New England states and into the Southwest as far as Dallas-Fort Worth.

Fourth-ranked Eastern's routes are concentrated mainly along the Eastern seaboard. It also flies northwest to Minneapolis-St. Paul, southwest to Dallas-Fort Worth, to Miami, Fla., Bermuda, Puerto Rico and Mexico City.

The lines serve 30 cities in common.

Youth Dies In Fire While Saving Father

PHILADELPHIA (AP)—Neal Schaeffer, 3, was killed Tuesday in a fire which swept his family's two-story home in the city's Richmond section. He was the fourth member of his family to be killed in an accident since 1950.

The boy ran from his home shortly after the blaze broke out, but dashed back inside apparently to get his father, William, 27, who was asleep in an upstairs bedroom.

Firemen said the boy looked in the wrong room, and couldn't get out.

The father, who suffered minor burns, and five other members of the family escaped.

Neal's sister, Linda Jean, drowned Sept. 6, 1959, while on a picnic at Rancocas Creek, Delano, N.J. His grandmother, Mrs. Martha Neal, 50, and an aunt, Louise, 6, died in a tenement fire in 1950.

Tech And Alabama Break Grid Ties

ATLANTA (AP)—Georgia Tech plans to stop playing Alabama and LSU in football after the 1964 season, but Coach Bobby Dodd denies that the Yellow Jackets are trying to soften their schedule.

He said Tuesday a new series with Florida will replace the Alabama rivalry and announced Tech would play the Gators here and at Jacksonville in alternate years. However, Florida coach and athletic director Ray Graves said Tuesday night no final decision has been reached on the site of

A Lovelier You

By MARY SUE MILLER

FASHION'S CRYSTAL BALL. A woman would have more clothes to wear and more money to spare for more clothes, if only she could predict rising fashion trends. Then her wardrobe would never look outmoded before it looked worn. New purchases would add to her changes, instead of replacing discards.

All very well, you say, but how can the whims of fashion ever be foretold? Well now, you can get the message just by watching what top designers are doing.

Their thinking influences the styling of clothes in every price range. And it is available to you via your newspaper, fashion magazines and even TV.

Keep your eyes open and you will see the spring trends taking shape. When you find one repeated, time and again, you can be sure that it is on the upswing.

Purely as a guide to the possibilities, here is my check list based on previews of the new collections:

- Silhouettes—Shaped, but not slinky and yet not loose.
- Waistline—moving up.
- Sleeves — three-quarter sleeves and sleevelessness continues; long sleeves are on the far horizon.
- Skirt lengths—a fraction or more below the knee.
- Fabrics — light-as-air and easy-care.
- Colors — bright shades, but not glaring; medium grays and beiges; much black, more navy.
- The Look—the Costume, in two or three pieces, with fabrics and colors combined to complement each other.

the games in Florida.

"It is merely a part of a long-range adjustment in our football scheduling," Dodd explained, and Tech President Edwin D. Harrison concurred. Alabama and LSU are football powers in the Southeastern Conference.

The temple to the goddess Diana, considered among the ancient world's Seven Wonders, was of marble and longer than a football field.

FAIL TO LAUNCH 5 SATELLITES AT ONCE TODAY

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)—Rocket failure today ruined an attempt to boost five satellites into orbit simultaneously to probe a number of space mysteries.

The space quintuplets hurtled into the sky at 4:30 a.m. cradled snugly in the nose of an 80-foot Thor-Able-Star rocket. The first stage of the 55-ton rocket performed normally and observers at the Cape saw the second stage ignite.

But 20 minutes after launch the Defense Department announced the upper stage failed to build up sufficient thrust after ignition and the entire rocket assembly plunged in the Atlantic Ocean far downrange.

SPOIL BIG PLAN

The failure wrecked the United States' most ambitious multiple payload experiment to date. Attempts have been made previously to send three satellites, aloft with one booster, but never as many as five.

The five satellites were to have been sprayed into orbit by spring devices much like the pellets from a shotgun charge. Because of this, project officials nicknamed the project "Buckshot."

This was to have been the first of three major U.S. space efforts scheduled this week. On Friday, an Atlas-Agena rocket is slated to hurl a Ranger 3 payload to the moon to take closeup television pictures and land an instrument package on the lunar surface.

MAN ORBIT SATURDAY

The attempt to orbit astronaut John H. Glenn Jr. is set for Saturday.

Doomed by today's failure were: SR-4 (for Solar Radiation 4) to study X-ray radiation from the sun and possibly learn how storms raging across the sun's face affect space near earth.

Injun II to examine the relationship between the outer Van Allen radiation belt and auroral phenomena such as "northern lights."

Lofti II (for Low Frequency Trans-Ionospheric) to study radio wave propagation in the ionosphere in an experiment aimed at devising better earth and space radio communications systems.

Secor (for Sequential Collation of Range) to test techniques for future satellites which will map the earth.

Surcal (for Space Surveillance System Calibration) to study mean of improving the Navy's satellite detection system stretching across the Southern United States.

The traditional Seminole Indian dwelling is the chickee, a thatched hut with cypress framework and raised floor.

Youth Extortion Case Continued

WILMINGTON, Del. (AP)—The case of two youths accused of plotting to extort money from a Du Pont Co. executive has been continued for a week after the state reported it needs more time to produce witnesses.

Judge Robert H. Wahl of Common Pleas Court Tuesday granted the request for continuance of the case of Kenneth L. Davis and Donald K. Owens, both 19. The request was made by W. Laird Stabler Jr., Delaware deputy attorney general.

The youths are accused of sending a note a week ago to the Greenville home of Mr. and Mrs. Henry M. Cadot demanding \$25,000 ransom for their son, M. Meade Cadot, 18.

The Cadots, however, telephoned Washington and Lee University at Lexington, Va., where their son is a student, and learned that he was safe.

Police arrested Owens, who was waiting across the street from a store where the ransom money was to be picked up. Davis was arrested later.

Both Owens and Davis are Negroes.

Norsemen, who frequently saw the aurora borealis, poetically attributed them to reflections from Valkyries' shields. But they also recorded objective descriptions and guessed at their true origins.

REVEAL \$50,000 JEWEL ROBBERY OVER WEEKEND

PHILADELPHIA (AP) — More than \$50,000 worth of jewelry was stolen from the suburban White Horse home of socialite Cortright Wetherill, Chester County police said Tuesday night.

Police said thieves carried away a 40-pound wall safe some time last weekend from the Wetherill's estate, "Happy Hill Farm," on Providence Road west of Route 252.

The theft was discovered Monday morning but the exact items taken were not learned until Tuesday when Mrs. Wetherill returned from a Florida vacation, police said.

Police Chief William L. Tarr of Willistown Township said the world-famous Russian Imperial emeralds, also known as the Romanoff Collection, owned by Mrs. Wetherill, "may have been the object of the burglary." They are valued at \$150,000.

However, the Russian Imperial emeralds, once the property of the czar, are kept in a bank vault in Philadelphia. They were purchased during the Bolshevik Revolution by the late financier, Joseph E. Widener, Mrs. Wetherill's grandfather, during the Russian revolution.

Tarr said the thieves climbed a stone wall near the house, leaped onto the flat roof of a projection of the wing and forced open a bedroom window on the second floor. The thieves, Tarr said, ransacked the bedroom then went into the nearby sitting room, located the safe, pried it loose and removed it.

The jewels included two wrist watches; pearl and diamond necklaces; rubies, diamond and sapphire bracelets; and diamond and gold earrings studded with rubies and emeralds.

Wetherill, a stockbroker and noted horse fancier, is the brother of Elkins Wetherill, chairman of the Montgomery County commissioners and a candidate for the Republican nomination for governor of Pennsylvania.

PARIS (AP) — Natalia Sedov Trotsky, 79, widow of Leon Trotsky, the Russian revolutionary leader, died Tuesday, Mrs. Trotsky, who had been seriously ill for some time, was born in Russia and met Trotsky in 1902 in Paris. They were married shortly afterward and from that time her life was mostly a series of exile homes. Trotsky was slain in Mexico in 1940.

POLL FAVORS WAR TO SAVE WEST BERLIN

WASHINGTON (AP) — Rep. James E. Van Zandt, R-Pa., says a post card poll of 2,594 of his constituents shows nearly 77 per cent favor going to war to prevent the loss of Berlin to the Soviets.

Van Zandt, releasing the results of the poll Tuesday, said the greatest unanimity came on the question of disarmament controls.

Some 98 per cent of those participating answered "yes" to the question: "Do you favor United States insistence on an adequate inspection system before disarmament?"

AGAINST RED CHINA
Van Zandt said 6,000 cards were mailed to residents of his district which covers Blair, Centre and Clearfield Counties. He said 2,594 replied.

Other questions included: "Do you favor United States' resumption of nuclear testing—81.2

Heart Attack Is Fatal During Fire

BOILING SPRINGS, Pa. (AP) — An elderly woman suffered a fatal heart attack Tuesday during a fire which destroyed her home at nearby Springville, the Cumberland County coroner's office reports.

Deputy coroner Roy E. Hoffman attributed the death of Mrs. Lottie Gottshall, 81, to a heart attack caused by the excitement of the fire and perhaps smoke inhalation.

Mrs. Gottshall, who was carried from the burning dwelling by a neighbor, suffered only minor burns.

NEW EFFORTS TO FIND BOYS LOST IN MINE

CLEARFIELD, Pa. (AP) — Workers began new exploratory probes today at an abandoned clay mine as days of excavation work failed to find two boys presumed trapped by a cave-in.

Larry Husted, 10, and Wesley Lowe, 13, have been missing since Jan. 14 when they were last seen entering the old mine where they had a secret clubhouse.

Attempts to speed the search by using a "clam" type power shovel were stymied Tuesday when the shovel struck rock. The clearing operation had to be continued by hand-loading the shovel.

With one room of the clubhouse cleared, no new evidence had been found and attention turned to an adjacent room where the boys might have had a mattress, a table and other items.

The drag-line earth mover which had ripped open the mine from the top for the current digging operation was put to work opening another large hole into the mine about 50 feet away.

A 36-inch drill which sank two exploratory holes earlier, only to hit empty tunnels blocked by cave-ins, was digging a third hole in the general area where bits of clothing and other evidence of the boys' presence were found.

Special equipment designed to lower cameras into probe-holes was being brought to the mine from the Birdwell Division of the Seismograph Service Corp. of Bradford. It was hoped that photographs taken deep inside the probe-holes would help map the tunnels and terrain.

STATE POLICE IGNORED BY FBI

HARRISBURG (AP) — A shake-up of the state police is needed and Gov. Lawrence should explain why the Federal Bureau of Investigation did not seek their cooperation in a recent Reading gambling raid, says George I. Bloom, Republican state chairman.

"It was highly disturbing to the citizens of Pennsylvania to read in their newspapers that the FBI had to send 100 agents into Reading to raid a gambling game, at expense to the federal government, and made no use whatever of the state or local police," Bloom said in a statement Tuesday.

He said the FBI used a U.S. Marine barracks across from a state police substation to detain persons held in connection with last Friday's raid.

"What was the FBI so fearful of that they would not request the state police commissioner's permission to use state police quarters?" Bloom asked.

More than 100 persons were de-

JFK HOPES FOR IKE'S SUPPORT OF I.T. PROGRAM

WASHINGTON (AP) — President Kennedy hopes to draw heavily on former President Dwight D. Eisenhower for support of the new international trade program he is sending to Congress Thursday.

Administration officials are girding for what may be a four-months struggle to win authority for the President to negotiate tariff cuts in dealing with the European Common Market.

It is Kennedy's intention to plug this program as a nonpartisan approach toward a pressing and complex economic problem.

In line with this he hopes Eisenhower will help influence Republicans to go along, just as the former president gave him some aid last year in getting authorization for the long-range development loan program.

Eisenhower heartened administration leaders with a statement last month in which he gave guarded approval for action which would provide "sufficient flexibility" for tariff negotiations to reduce restraints on U.S. exports.

On the other hand, the administration harbors the suspicion former Vice President Richard M. Nixon, the 1960 GOP presidential nominee, may wind up critical of the Kennedy proposals. So far, Nixon has made no public comment.

EXPECT HOUSE TO OKAY HIKE IN MAIL RATE

By JOHN BECKLER
WASHINGTON (AP) — The House has tentatively approved a bill raising postage a penny per letter and increasing "junk mail" rates. Final action is expected today.

The House added \$79.2 million to a rate increase bill worked out by the Kennedy administration and House Democratic leaders, producing a measure that would bring in \$700 million if accepted by the Senate. There is some doubt at that score, however.

HIKE PAPER RATE

The bill raises first class and air mail rates by a penny, to 5 and 8 cents, for a total increase in those categories of \$455 million. It also calls for \$53 million more in the rates paid by newspapers and magazines, \$171 million more in third-class rates—those used mostly by direct mail advertisers—and about \$20 million more in miscellaneous increases.

All increases would be effective next July 1.

It was in third-class rates the administration got more than it asked for. The administration and the House leadership, in a compromise bill, had asked for third-class increases totaling \$93 million, which would have covered about 85 per cent of the handling cost of such mail.

Rep. Ken Hechler, D-W. Va., offered an amendment increasing the total to \$171 million, covering full cost. A surge of resentment against bulk mail advertising—some called it "junk mail"—carried his proposal by a voice vote.

NEW CLOTHES ARE WEARABLE AND LUSCIOUS

By GABRIELLE SMITH
PARIS (AP) — Guy Laroche rang in this third day of spring and summer Paris fashion openings with an eminently wearable collection that had its luscious moments as well.

Completely wearable were the tweed suits with small jackets, easy skirts that rose a bit above the waist in front and cowl-necked silk blouses.

Lusciousness came in with crepe dresses in sherbet colors you could eat, glimmering many-colored necklaces and bell-bottomed shantung trousers, to wear at home of course.

STRAIGHT BACK SUITER

The suits tend to be straight backed and very light looking. Some have "V" necks filled in with triangular masses of beads, or splashes of color in a bias collar that falls in a fold to look like a scarf. Coats are smooth, simple and almost straight. One navy blue model repeated the cowl-necked effect in its lapels.

Striking was an orange coat over an apricot silk dress with a bloused back. With it was worn a matching bowler hat tipped on the back of the head. The whole effect was lighter than gauze.

Color harmonies were one of Laroche's highlights. An orange transparent organza coat over a baby pink dress, the whole topped with a pink and apricot straw hat, looked like something you could order at the soda fountain.

tained as a result of the raid in which some \$55,000 was seized.

WANT REPORT OF SPB PROBE

HARRISBURG (AP) — House Republicans are pressing Gov. Lawrence to publicize the findings of a recent study of the controversial State Pharmacy Board.

"The only way the governor can convince the public that he sincerely desires to resolve the conflicts within the pharmacy board is to release the report in full to the press," House Minority Leader Albert W. Johnson declared Tuesday.

Johnson was referring to a study made by the pharmacy school deans of Temple University, Duquesne University, the University of Pittsburgh and the Philadelphia School of Pharmacy. The GOP legislator contended that the governor was not releasing the study findings because it "would embarrass him and his administration."

ELKTON, Va. (AP) — Chester C. Housh, 75, a leader in the nation's turkey industry and a former president of the National Turkey Federation, died Tuesday of a heart attack. He also was president of East Point Turkeys of Elkton.

SAYS LUCAS TO BE GOOD PRO

NEW YORK (AP) — George Mikan, a former great himself, hailed Ohio State's Jerry Lucas as one of the outstanding basketball players of all time, and a cinch to turn professional.

Lucas, a two-time All-America and star of the champion Olympic team in 1960, has indicated in the past that he may enter business after he graduates in June and pass up pro ball.

The Cincinnati Royals of the National Basketball Association, who already have two of the NBA's best in Oscar Robertson (Lucas' teammate on the Olympic squad) and Jack Twyman, are eager to pay Jerry a fortune to play with them.

HAS GOOD AGENT

"Will he turn pro?" said Mikan in repeating a question—"There's no question in my mind that he will. He's already gotten himself an agent in the guy that handles golfer Jack Nicklaus. If you're not going to play for money what do you need an agent for?"

Mikan, now 37, was picked as the greatest basketball player of the half century in an Associated Press poll in 1950. He first starred at DePaul and then with the Minneapolis Lakers. He quit playing in 1954 after hanging up many scoring records. Mikan, a lawyer in Minneapolis, was interviewed while in New York this week.

PROBE CRIME ELEMENT IN STOCK MART

By LOUIS G. PANOS

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy said today the Justice Department is investigating what he called attempts by "major racketeers" to move into the stock trading business.

He emphasized in an interview that the probe does not involve the over-all operation of any stock exchange and is not connected with a Jan. 6 report by the Securities Exchange Commission charging abuses by officials of the American Stock Exchange.

"There have been some efforts by major racketeers to get into the stock field," Kennedy said.

"Now, I'm not saying that stock exchanges are controlled by racketeers," he added.

PRICE MANIPULATION
He did say crime figures have branched out into stock dealing, in keeping with their pattern of investing in legitimate businesses with money obtained from gambling and other illegal enterprises.

Kennedy did not detail the illegal nature of any stock market activity by underworld elements. Other Justice Department sources said, however, it sometimes involved the manipulation of stock prices.

MORE PRONOUNCED
One department official said the operations were in line with "ganster infiltration of real estate, vending machines, night clubs, beer distributorships, produce, trucking, hotels and motels, manufacturing and construction businesses."

Kennedy said his department had been checking on the move into the stock field for some time. "But I think it's become more pronounced in the last several years," he said. "It's not a matter that has swept the country. It does exist in several cities."

PROTESTANT PUBLICATION PRAISES JFK

CHICAGO (AP) — President Kennedy's record on the issue of separation of church and state was hailed today by one of the nation's leading Protestant publications.

The praise was voiced in an editorial of the Christian Century, an interdenominational Protestant weekly magazine widely circulated among clergymen.

"In his first year as president, John F. Kennedy has compiled a better record on the issue of separation of church and state than any other president we have had in the past 30 years," an editorial said.

"A BIGGER MAN"

"Our tape measures him not a smaller but a bigger man than he was a year ago. We expect that he will grow even more in the years ahead."

The Christian Century editorially took to task the Roman Catholic magazine America for observations on Kennedy it published earlier.

"In a lead editorial in its Jan. 13 issue the magazine concludes that the President's public relationship to his own church has been entirely negative and that his approach to Protestants has been politically motivated," the Christian Century said.

"WHAT RULES THEM"

"What piques America's editors is the fact that President Kennedy refused to bow to the will of the Roman Catholic hierarchy in including parochial schools in his aid-to-education bill a year ago.

"What riles them even more is the fact that Mr. Kennedy in presenting his education program put his objection to the use of public funds for parochial schools on a solid constitutional basis.

"Strange, still is the editorial's inference that it is quite all right for the president to be a politician in some instances and in regard to one segment of the population but not right for him to be a statesman in resisting the special interests of another segment."

Completes Course At Tank School

Pvt. Ray E. Golden J., 18, son of Mrs. Helen M. Golden, Fairfield R. 1, has completed eight weeks of advanced individual training at The Armor Center, Fort Knox, Ky. He received the instruction in operating the 30-millimeter tank gun and driving the Army's medium tank. He was familiarized with the duties and responsibilities of each of the four crew members of a tank; the commander, driver, gunner and loader.

He entered the Army in August, 1961, and received basic training at the fort.

Golden is a 1961 graduate of Gettysburg High School.

Completes Course At Aberdeen, Md.

Pvt. Wayne A. Chrismer, 18, son of Mr. and Mrs. Earl H. Chrismer, R. 5, has completed the ammunition storage course at The Ordnance School, Aberdeen Proving Ground, Md.

Chrismer was trained to receive, store, ship and issue ammunition and explosives and to destroy unserviceable ammunition supplies.

He entered the Army last August and completed basic training at Fort Knox, Ky.

He attended Delone Catholic School, McSherrystown.

Irish moss, specified sometimes in old-fashioned recipes, has to be soaked in cold water, then heated to 140 degrees or above to dissolve. The moss "gels" liquid mixtures.
